Finishing fourth

Kinmount Fair a feast of sights, sounds

From steam engines to prize winning pies, there was a little bit of everything

When it comes to simple pleasures, there are few things that can match the atmosphere of a country fair. Whether it's the sight of eight huge Belgian horses hitched to a brightly painted wagon, the cacaphony of the midway, the pungent smell of freshly cut hay or the hiss and thump of a steam engine, a country fair is a place to heighten the senses and quicken the mind. And when it comes to providing these things in abundance, there are few country fairs that can claim to be better than the one held in Kinmount over the weekend.

Horse, cattle and sheep competitions drew entrants from a wide area. Rides, games, contests, a demolition derby, entertainment, an amateur contest, food of many kinds, handicrafts, baking, flower and vegetable displays, antique cars, old pumps and engines, a parade, a dance and scores of other attractions drew thousands to the fairgrounds on both days.

More than 1000 ribbons and prizes were handed out to winners and runners-up in competitions that test everything from baking and flower arranging skills to cattle breeding and horse drawing.

More than 1400 entries were shown in the display hall

Some 1400 entries were received for the 400 classes exhibited in the display hall.

Winner of the prize for the best pieced cotton quilt was Dorothy Hodgson of Burnt River. The best reversible quilt was made by Beatrice Taylor of Minden, who had more than 120 entries in this year's fair.

In the afghan classes, Edith Hughes of Burnt River and Grace McPherson of Kinmount took first prizes.

The best loaf of bread entered in this year's fair was baked by Erin Perry of Kinmount. The best chocolate cake was made by Tracy Dettman, also of Kinmount. Winner of the prize for the best apple pie was Marjorie Coulter of Minden. Zeta Byrne of Fenelon Falls had the best butter tarts.

The award for the best display of baking went to Beatrice Taylor of Minden.

In the T.V. supper category, Mary Hartin of Kinmount took the red ribbon. She had more than 130 entries overall.

Norma Handley of Burnt River was the winner of the prize for the best bran muffins, while Tracy Dettman of Kinmount added another ribbon to her collection for the best orange cake.

Jean Dolan of Fenelon Falls had the best chocolate chip cookies, while Grace McPherson of Kinmount took the prize for the best date loaf.

Norma Handley of Burnt River added to her collection of honours with a first place in the tea biscuit competition, and Erin Perry did the same with her peanut butter cookies.

Mary Hartin of Kinmount also picked up a first place ribbon for her tray of six buns.

In the pickled beets category, the winner was Erin Perry of Kinmount. The best canned tomatoes were those of Fran Davis, Kinmount.

In the vegetable classes, Mary Hartin was judged to have the best display, while Margaret Fischer of Kinmount had the best 11 quart basket of potatoes.

Winner of the prize for the best six red tomatoes was Art Reid of Fenelon Falls.

Jeff Lettner of Kinmount took first prize for two white cabbages, while John Hickey, also of Kinmount, took top honours for three large potatoes. Penny Hartin of Kinmount had the best six cucumbers.

In the flower competitions, Beatrice Taylor of Minden took top honours for her display of cut flowers. Fran Harris of Kinmount had the best cactus garden, while Penny Hartin had the best asters.

In the sweetpea category, Michelle Barkwell of Kinmount was the winner.

The most unusual plant was entered by Larry

THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

Vol. 99 No. 3 Wednesday, September 3, 1980 "The voice of the Highlands" 14 pages 25 cents

Bus line unhappy with board offer, will meet Tuesday

by Sue Cooper

NorthernWays bus line is not satisfied with an offer the Haliburton County Board of Education has made to area bus owners for the 1980-81 school year.

Scott LaRue, part owner of NorthernWays said Tuesday, bus operators had only met with the transportation committee in preliminary discussions before the August board meeting at which the offer was presented.

The board approved the offer giving the bus owners a 10 percent increase for the school year, a gasoline price escalator clause and the guarantee payments would not be reduced for two years if a smaller bus was required because of declining enrolment.

At the meeting, transportation chairman Leroy Eager told the board the 10 percent increase had been included in the board's budget. The gasoline escalator clause stipulated when the lowest publicly available price for gasoline in Haliburton Village exceeds 27.3 cents per litre by 5/10ths of a cent per litre or more, the board will pay an extra allowance of 2/10ths or a cent per kilometre for each increase and will also deduct accordingly for each decrease.

Last year, the board paid $525,088 for 38 buses which covered 2,769 miles each school day. This year the new offer will up the cost to $577,597 for the same mileage.

LaRue said NorthernWays was not satisfied with the offer and wrote the board requesting another meeting to discuss the matter.

Director of Education, J. Douglas Hodgson said Tuesday the matter is still open for negotation.

Transportation committee chairman Leroy Eager said the committee is "not at a point where we're not going to move under any circumstances." He indicated, however, that no complaints about the offer have been received from other area bus operators. The letter from NorthernWays indicated that there were "a few points that needed clarification, but there was no indication that they were unhappy."

NorthernWays apparently is not satisfied with the wording of the gasoline escalator clause and the percentage increase the board offered is less than NorthernWays requested, LaRue said.

Because there was not a gasoline escalator clause in the last agreement with the board, LaRue said NorthernWays was hurt by the large increase in gasoline prices over the year.

NorthernWays has 27 contracts with the board and owns a total of 35 buses.

Reconstruction nears completion, paving begins

The construction of Highway 519 through the village of Haliburton is expected to be completed within three weeks, according to the project supervisor.

Paving was expected to begin on Tuesday, Murray Kuno said Monday.

Although the rate of progress will depend mainly on the weather, Kuno said he thought the workers would have the job done by the first week in October at the latest.

Other than the paving and trimming, only sodding and general clean-up duties need to be completed before the project ends.

Kuno said the project was on schedule and the contract would be ending when the paving was completed.

Construction began in early summer with the entire main street of Haliburton being torn up and new curbs, sidewalks and gutters being installed. Highway 519 was reconstructed beyond the village limits and new supports were put in Wallings Bridge on highway 121.

Children seemed happy although maybe a little apprehensive as they stepped off the buses at Victoria Street School in Haliburton. Classes began on Tuesday.

Information expected to be helpful in quest for industry

Students complete profile for EDC

With the assistance of four students, the Haliburton County Economic Development Commission has completed a community profile on all the individual municipalities as well as the county.

Bob Stinson, secretary of the EDC and manager of the Haliburton Highlands Chamber of Commerce, said the new information will be quite helpful to both operations.

Under the Ontario Youth Employment Program (OYEP) the students gathered information in the municipalities form the municipal offices, businesses, and libraries, Stinson said.

This information, which has been compiled into books will be used to answer questions from prospective businesses who might be thinking of locating in the area.

The EDC will now have the answers to such questions as how much the tax rates are, the cost of hydro, what zoning pertains to certain areas and the distance to villages in the county.

Having this information at their fingertips will be quite convenient for both the Chamber and the EDC, Stinson said.

While the lack of having this information hasn't been a serious problem in the past,

Direct polluters ordered to carry out immediate repairs

Environment ministry finds defective sewage systems

A Ministry of the Environment sponsored cottage pollution survey has discovered 10 sewage disposal systems causing direct pollution of Lake Kashagawigamog and nine polluting Esson Lake. An additional 252 systems on the lakes have been classified "seriously substandard." Some 21 systems on Miskwabi Lake were also found to be substandard but no systems were classified as direct polluters.

The information is contained in a recent report from the ministry's Gravenhurst office detailing findings of a survey completed last summer.

A total of 533 sewage disposal systems on the north basin of Lake Kashagawigamog were inspected and 210 or 39 percent were classified as seriously substandard. Such systems are not causing pollution at the time of inspection, but do not meet current standards of design, construction or location, and are deemed to represent "a potential hazard" to water quality. A further 78 or 14 percent were discharging wash water onto the ground either directly or through a seepage pit, while 12, or 2.3 percent allowed faecal or urinary discharges to be exposed on the surface of the ground. Ten, or 1.9 percent of the systems inspected were found to be direct polluters. A further 158 systems were temporarily unclassified and awaiting a detailed inspection.

As of December 31, 1979, 140 systems had been corrected, and a further 10 property owners had signed agreements to have work completed during the construction season this year. The remainder were notified by letter of the problems with their systems and the corrective action required.

On Esson Lake in Monmouth Township, 117 systems were inspected, and 42 or 36 percent were found to be seriously substandard. A further 28, or 23.9 percent were discharging wash water onto the ground, and seven, or six percent were discharging faecal or urinary waste. Nine systems were found to be directly polluting the lake.

As of December 31, 1979, 44 faulty systems had been corrected and five owners had signed agreements to have work completed this year.

A total of 78 systems were inspected on Miskwabi Lake, and 21 of them, or 27 percent were classified seriously substandard. Twenty-four systems were discharging wash water onto the ground, and one was discharging faecal or urinary waste. No systems were found to be direct polluters.

Corrective work had been carried out on 26 of the faulty systems by December 31, 1979, and a further four owners had signed agreements for repairs this year.

Owners causing direct pollution are compelled to take corrective action immediately while others are asked to sign a document outlining a system's defects and the corrective work to be carried out by a specific date.

If an owner refuses to comply with a correction program, the ministry will take legal action, according to the report.

Creative play area to be in place this fall

Head Lake Park takes shape

Development in the Head Lake Park in Haliburton Village will be shaping up considerably in the next few weeks as workers try to complete the work slated for this year.

Up to this point, the men working on the project have been busy planting trees, building a huge stone waterfall and landscaping the new park area, project supervisor Ian Douglas said Monday.

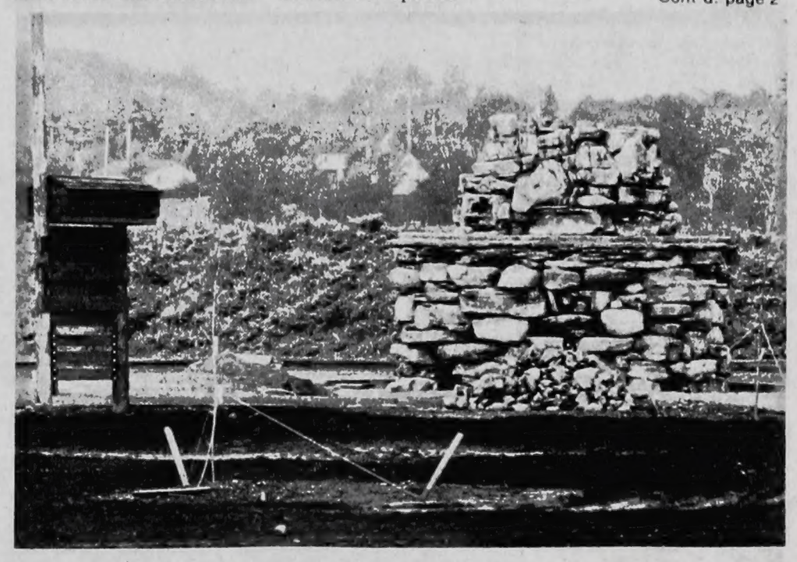
Within the next two to three weeks construction will begin on a creative play area for children, cosmetic stonework on the waterfall may begin, more trees will be planted and a foot bridge will be built.

The creative play area will be condensed into a 63 by 40 foot space, Douglas said. In this area, children will be able to enjoy tube slides, several climbers, balancing cable, tire swings, platforms, an open playhouse, baby, youngster and senior swings as well as a rope net.

This area will be located approximately in the middle of the field, Douglas said. He said an effort had been made to keep the smaller children's area apart from the older children's area to avoid the normal confrontations.

The play area has been ordered with a delivery date of about three weeks. Douglas said a supervisor from the supplying company will arrive with the material and will help construct the play area, a

Cont'd. page 2



Fountain to be a centrepiece of park

Park progresses

from page 1

process that should take about two or three days.

Also on the workers busy agenda for the next few weeks, is the construction of a foot bridge over the Drag River to join the new park area to Rotary Beach.

Although the plan calls for two foot bridges, Douglas said the other bridge will probably be built when the project gets underway next year.

This season, between 60 and 70 trees have been planted with an additional 35 to 40 slated for planting in the next few weeks.

Douglas said several varieties of trees have been planted in the park, including three types of pine, hard and soft maple, mountain ash and flowering crab.

The west side of the park is now prepared for seeding although the east side needs a considerable amount of irrigation before it can be seeded.

The park will be seeded by the Ministry of Transportation and Communications when it can be scheduled, Douglas said. The area on the east side is also ready for irrigation as soon as arrangements for the work can be finalized.

As for the waterfall which is constructed near the proposed bandshell site, cosmetic stonework to "dress it up" will be started near the end of September or early October.

A pump with a capacity of 280 imperial gallons per minute has been ordered but not delivered as yet, Douglas said.

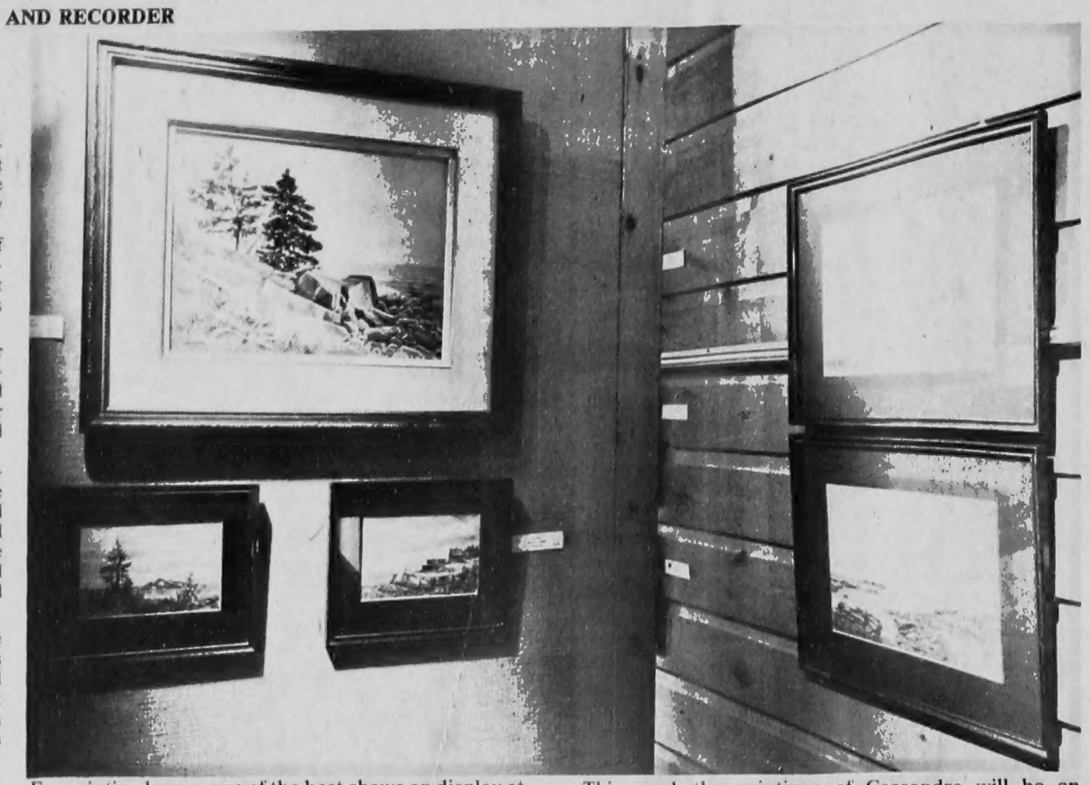
He explained that a planter arrangement would be constructed on the highest level of the waterfall with the water flowing out of the lower level through the stonework.

Unfortunately, said Douglas, paving on the promenade had to be postponed until next year, when the band shell will be constructed, the archway gate installed and about 14 planters placed around the promenade.

Douglas said he was a little disappointed more planters couldn't be located around the promenade this year but said there might still be a possibility if everything goes well.

At present, work on the park is about three weeks behind schedule because of weather and material problems the men faced during the summer months, Douglas added.

Depending on the weather, Douglas said this year's project will probably be completed near the end of October.



For painting lovers, one of the best shows on display at the Rails' End Gallery in Haliburton featured the works of Karl Hanke, George Raab and William Chapman.

This week the paintings of Cassandra will be on display.

Profile completed

from page 1

Stinson said the project was started at the suggestion of the Ministry of Industry and Tourism consultants the EDC has been working with.

These consultants advised the EDC a community profile should be undertaken at the earliest convenience, Stinson said.

He said the MIT has a comprehensive book pertaining to the establishment of an EDC and the community profile was one of the first projects it suggested.

While Stinson said some people apparently thought the books would be available to the public, this is not so. They will be available at the Chamber of Commerce office on Highway 35 in Minden and copies on individual municipalities will also be available in the respective township offices.

Those interested in the books may have parts photocopies at the Chamber office but Stinson said it would be costly to have the 450 pages copied to provide books to the public.

Most of the credit for the success of the project went to Marilyn Thayer who acted as supervisor.

"She did an excellent job," Stinson said.

The only problem Stinson can foresee for the book will be keeping it updated as tax rates, hydro costs and all the other variables change in the future.

The title for the books should be "All You Ever Wanted To Know About Haliburton But Were Afraid To Ask," Stinson said.

Snowdon hears objections to zoning

At the most recent meeting of Snowdon township council, the following matters were considered:

Mr. and Mrs. Shaw, the owners of Sunny Rock Lodge were present to request from council, two building permits to enable them to erect buildings on the west side of Scotts Dam Road, said property being zoned Seasonal Residential. Objections to the proposed location of these buildings were voiced by adjoining property owners and a decision on the request was left in abeyance pending further consultation with the township planning consultant and solicitor.

The road superintendent will attend the Ontario Good Roads Association School at Huntsville on October 21 and 22, the registration fee of $30 and out of pocket expenses to be paid by the township.

The Ministry of Transportation and Communications will be contacted and requested to install a road sign to read "Valley Road" at the junction of Highway 519 and the original allowance for road between concessions 12 and 13, council decided.

Permission was given to Mr. G. Gator to construct a road along the original 66 ft. road allowance between concessions 2 and 3 across part lots 6 and 7, subject to his acceptance of the conditions imposed by the township.

Road Voucher #7 in the amount of $11,420.86 for the month of July was approved for payment.

Permission was granted for a second building to be erected on the property of Mr. W. Bluett, part lot 1, concession A, the existing building to be demolished immediately the new building is occupied.

Council fully supported the efforts being made by the Provisional County of Haliburton to retain the railway within the county and is in agreement with the proposed method of the proportioning of the costs incurred in making representation to the Canadian Transport Commission.

General accounts in the amount of $4,508.84 and general welfare assistance in the amount of $229.78 for the month of July were approved. A donation of $25 was made to the Snowdon Minor Baseball team.

As required under section 222 of The Municipal Act R.S.O. 1970, as amended, the treasurer presented to council a statement of the monies at the credit of the corporation as at June 30, 1980.

Minden doctor named coroner

A Minden doctor has been appointed to the position of coroner for Ontario in this area by the Ontario Attorney General, Roy McMurtry.

Dr. Anthony Holliday-Rhodes was appointed to the position effective July 31, 1980.

He will be joining the county coroner's team of Dr. Harry Good and Dr. Blair Pierce, both of Haliburton.

Cardiff council meets

At a meeting of Cardiff council August 7, the following matters were discussed.

Council decided it does not object to the Ministry of Natural Resources issuing a Land Use Permit for part of Lot 16, Concession XIII, Monck Lake to cover existing parking area and proposed docking facility.

Council accepted a proposal from H.L. Houston, Lot 25, Concession IX as stated in letter dated July 22, 1980 from Elliott, Porter and McFadyen.

Council requested the Ministry of Natural Resources to petition the federal government to make a regulation under The Canada Shipping Act, Small Vessels Section, to control the speed of boats passing through the narrows at the bridge on McGillivray Road, Paudash Lake.

Consent applications #H-196/80 and #H-195/80, Lot 24, Concession VI, Tomsett were deferred until the Ontario Municipal Board makes its decision regarding the township road passing through said lot, dealing with Zoning By-law 18-79.

Consent application #H-185/80 was approved conditional upon rezoning of the severed parcel to Residential.

Consent application #H-199/80 was approved; consent application #H-198/80, Lot 25, Concession IX, Houston was approved conditional upon the severed and retained lans being rezoned to Seasonal Residential.

Consent application #H-169/80, Lot 28, Concession XIX, Myers was denied due to lack of access to severed lands. And consent application #H-206/80, Lot 28, Concession XIX, Myers was approved conditional upon Certificate of Lien, Instrument No. 98595 being discharged in full.

Council requested the Ministry of Natural Resources to install a culvert at the entrance to house of B. Worth, off forest access road, West Line, in Lot 16, Concession XIX, Township of Cardiff.

Resolution No. 2, dated July 3, 1980 was rescinded. The road described in this resolution does not belong to the township and cannot be maintained as a township road. The zoning map, Schedule A, By-law 9-79 will be amended to show this road as "private".

Council stated that it intends to amend Comprehensive Zoning By-law 9-79, as amended, as follows:

1. The Seasonal Residential zoning designation in Lot 14, Concession XXI shall be deleted from Schedule A. The Seasonal Residential zone in Lot 15, Concession XXI shall be extended to reflect the boundaries of Registered Plan 531, fronting on Hudson Lake.

2. Schedule A shall be amended in Lot 7, Concession VI as follows: (i) The township road from the boundary of Lot 7 and 8, Concession VI running south-west shall be re-designated as "private". (ii) The forest access road in Lot 7, Concession VI shall be re-mapped further to the northern portion of the said lot, parallel to the road allowance between Lots 7, Concessions VI and VII. (iii) The boundary between the Rural and Commercial Tourist Camping Park zones on Lot 7, Concession VI shall be moved further to the south in the said lot. (iv) The Commercial zone shall be moved further south in Lot 7, Concession VI. (v) Two (2) Residential zoning designations will be added within the Rural zone in Lot 7, Concession VI to reflect 2 existing dwelling units on the property. (vi) There shall be a small creek added to Schedule A, Lot 7, Concession VI, running from Farrell Creek at the east boundary of said lot, south-westerly to Eel's Lake. (3) The Open Space zone on the south-west corner of Lot 7, Concession VI shall be deleted and replaced by the Seasonal Residential designation on Schedule A, to reflect existing Registered Plan 19R-569. (4) The Seasonal Residential zone in Lot 7, Concession V, shall be enlarged to reflect more accurately the size of Block B, Registered Plan 420. And further that the council of the Township of Cardiff hereby states that it intends to amend By-law 180-79, which amends By-law 9-79, as follows: 1. The township road passing through Lot 22, Concession XVI shall be shortened to terminate on the southern shore of Deer Lake approximately 200 feet west of

Gooderham man dies when truck leaves Buckhorn Road

A 31 year old Gooderham man was killed early Friday morning when the pickup truck he was driving went out of control on the Buckhorn Road and smashed into a rock cut.

Dead is Douglas C. Dewey.

Police say Dewey was southbound at 1:15 a.m. and pulled out on a curve to pass another southbound vehicle driven by Jacqueline MacDuff, 22, of Gooderham. Dewey's vehicle drove onto the left shoulder and when he re-entered the pavement, he lost control. The vehicle drove off the left side of the roadway where it struck a rock cut. Dewey was thrown from the vehicle and died of head injuries.

Coroner Dr. Blair Pierce of Haliburton pronounced the victim dead at the scene. No inquest will be held.

Man breaks neck at Buttermilk

A freak accident at Buttermilk Falls in Stanhope Township has claimed the life of a Buttonville man.

David M. Duncan, 77, died of a broken neck last Tuesday evening after he slipped and fell while walking beside the falls, striking his head on a rock.

Coroner Dr. Blair Pierce of Haliburton pronounced the man dead.

Store window smashed in fight

Damage was estimated at $300 last Wednesday when a plate glass window at the front of Northland Surplus in Minden was smashed. Police say the incident occurred at 1:45 a.m., apparently as a result of persons fighting in front of the store.

An investigation is continuing.

Gas syphoned, three charged

Three Toronto men have been charged with theft under $200 after persons were observed siphoning gas at the Deacon Bus Lines yard in Minden.

Charged are Raymond Miliauskas, 19 of 100 Humber Blvs., Robert Hewlett, 21, of 188 St. Johns Road, and Steve Kanary, 20 of 103 Cordella Avenue.

Machines damaged, police investigate

An investigation is continuing into an incident in which construction equipment owned by J.A.C. Kernohan Construction of Minden was damaged. Police say over $300 damage was sustained by two machines on the night of August 30-31.

Hundreds of ribbons, prizes awarded to the winners

Regional Hereford show, a first for Kinmount, attracted top class entrants

from page 1

Roach of Oakville.

Vera Byrneof, Kinmount got the prize for the best single gladiola and in the wildflower category, Herbert Fischer of Kinmount was the winner. The best hanging basket was entered by Margot Ziorgen of Minden.

The school section produced a number of excellent entries. Winner of the best chocolate cake category was Felix Goodyear of Camp Chimo near Kinmount. Wally Wilson, also of Camp Chimo, had the best bird house.

The best rock collection was entered by Cary Dettman of Kinmount, who also took top honours for vegetable characters.

In woodcraft, Lindsay Hunter of Burnt River was the winner, while Tracy Dettman of Kinmount had the best anti-smoking poster on display.

In the crafts division, Fran Harris of Kinmount took the prize for the best handicrafts. Kathy Barkwell of Kinmount had the best ragdoll entry, while Caroline Jones, also of Kinmount, entered the best stuffed animal.

Winner of the prize for the best oil painting was Eleanor Southern of Cannington.

A new competition at this year's fair was the contest for toddlers age two to three years. Winner of the prize for girls was Tammy Clouston of Coboconk, with Shannon Seniuk of Burnt River second. Boys Winner was Benji Bowman of Kinmount, with second place honours going to Kevin Robertson of Toronto.

Competition was particularly keen in the cattle classes, with the regional Herefore show drawing entrants from a large number of farming community. As many as 15 animals were entered in each category, and both the preparation and the showing areas were lined with spectators.

Four first prizes went to Greenbrae Farms of Oshawa. The McNeely's of Woodville took two first, and others went to Eli Jones of Cameron and Robert Admas of the Belleville area.

In the shorthorn cateogry, a Mr. Rickard of Woodville took seven firsts, and another went to John Sims of Cameron.

In the competition for polled anguses, Malcolm Bailey of Uxbridge took seven out of eight first prizes, while R. Handford of Norwood took the other.

In the Charolais class, eight first prizes were won by Keith Gobel of Janetville.

Winner of the exotic class was Bob Potter of Fenelon Falls.

Sheep classes were also well represented. Top entrant was George Miles of Minnising who took 13 firsts. Don Grant of Woodville took seven firsts, Dan Gibson of Woodville took five, Doug Wright of Elmvale took four and John Fennel of Bradford took three.

The horse classes also drew competitors from a wide area, and provided a good measure of spectator interest.

Biggest winner of the day was Allendale Farms of Markdale who garnered six first prize ribbons.

Russell Cochrane of Blackstock was also a big winner, taking home five firsts. Percy Mountjoy of Oshawa was awarded three firsts and Earl Durward of Sunderland earned two firsts with his animals.

One of the traditional highlights of the fair, the heavy horse draw, proved to be an exciting matchup between a number of fine teams.

By the last round, the boat had been loaded with 11,050 pounds and Ingram Wessel of Norland coaxed his team into a draw of 6'10" to take first place. Second was Cliff Manion of Severn Bridge with a pull only inches shorter. In third spot was Mack McGillivray of Cardiff, and in fourth spot was Leroy Nesbitt of Minden. Barely six feet separated the winning pull from the fourth place effort at the 11,050 pound weight.

A total of 17 teams were entered in the draft pony competition. Alf Alderdice of Shanty Bay had the best team in the parade. Other winners were Gordon Holiday of Oakwood with two firsts and Joe Swain of Cannington.

ECHO EDITORIALS

Give the children a brake

Summer won't officially come to an end for at least three more weeks, but for more than a thousand school age youngsters in Haliburton County, summer ended Tuesday, when they returned, perhaps not altogether happily, to classes. The opening of school means that once more school busses will be winding their way down highways and back roads. And it means that area drivers should be especially careful.

Despite the warnings of parents, teachers and police, youngsters are always as attentive as they should be to traffic. Caught up in the excitement of new teachers and new friends, they can dart onto the road without looking or ride their bicycles into the path of cars. At bus stops, running or skipping in their exhuberance, they risk their lives in danger in an instant.

At this time of year, drivers must be particularly quick to reach for the brake. By anticipating what youngsters on bicycles or on foot may do, a driver can greatly reduce the chances of an accident.

Drivers must obey the flashing lights on school busses. When a bus is stopped, with the lights flashing, traffic in both directions must stop. Failing to do so not only means a fine, it means the lives of children in serious danger.

With a measure of patience and a good deal of caution, drivers can help to ensure that the students who returned to school this week arrive safe, if not altogether happy now that the summer has ended.

Community profile one small step

Haliburton County's Economic Development Commission has been working for the last year and a half to give the county a fighting chance to attract new businesses and industries. And although the EDC's accomplishments have been far from overwhelming, due primarily to the difficulties the task presents, a series of small steps will yet lead to the larger goal. One of those steps was taken this summer with the completion of a community profile.

With the help of an Ontario Youth Employment grant, the Commission hired students to gather information that may help in the quest to lure new investment to the area. Included in the profile are statistics and facts any business would require before it could consider the Highlands as a possible place to expand or relocate. Compiled in form, the information will be available for use through municipal and the Chamber of Commerce office.

The value of the effort has yet to be tested, and may in fact be impossible to measure. But every step taken toward new industry, however small, is a welcome step indeed. And in that sense, the community profile has been a praiseworthy project.

A matter of joint responsibility

The results of a cottage pollution survey completed last summer and released recently by the Ministry of the Environment give dramatic proof of the need for vigilance by the ministry and area cottage associations. Of 533 sewage disposal systems on the north end of Lake Kashagawigamog, 10 were found to be direct polluters, and a further 12 were discharging human waste onto the ground either directly or through improper operation of a disposal system. In each case the systems presented a significant health hazard not only to the individual cottagers involved but to other nearby residents.

Protecting the quality of water in local lakes is not a matter than can be left entirely in the hands of the Ministry of the Environment. Individuals must take responsibility for the environment that surrounds them. Those whose systems were directly polluting the lake cannot help but have known it. By choosing to ignore the problem, they diminished the environment of the lake and threatened the health of others.

Fortunately, the ministry is impowered to demand that the systems be repaired immediately. Others whose systems were found to be inadequate but which were not directly polluting the lake were given time to carry out repairs.

Some might feel the ministry is not being overly strict in requiring that all systems meet certain standards. But where the future of the lakes is concerned the need for protection more than outweighs any inconvenience or expense individual cottage owners may have to bear.

LETTERS to the EDITOR

To the Editor:

At the conclusion of my seventh summer vacation in the Highlands I'm taking the opportunity of passing along a few of my personal reactions to this region.

Obviously, having spent seven consecutive summers camping the Haliburton Forest and Wildlife Reserve Limited, my family have not only enjoyed this unique campground, but the friendly welcome extended to us by everyone we have met in the Highlands.

This summer I have taken the opportunity of visiting several other campgrounds in the area. For the visitor, and local resident alike, there are over two dozen excellent campgrounds among the best in North America.

I have had many interesting conversations with local residents, businessmen and hundreds of visitors. I particularly enjoy reading The Haliburton County Echo and Minden Recorder, and Echoes of the Past, a fascinating history of the Central Region of Southern Ontario. This book should be required reading in the schools of the area...perhaps it could be serialized in this newspaper. The authors and contributors are to be commended for their efforts.

As an instructor of travel/tourism who has travelled nearly one million miles I can honestly claim that the Haliburton Highlands rank #1 in my travelog of North America and Europe.

All residents of the Highlands should be proud of their home area. There is good reason for everyone to work along with the local Chamber of Commerce to provide this ideal vacationland.

Sincerely yours,
George C. Barna
Kenmore, N.Y.

To the Editor:

The organizers of Gooderham's "Horseshoe Days" must be congratulated; the three days of their mid-summer celebrations were excellent - a little ragged around the fringes (edges) perhaps - but this adds to the "Hominess" of the weekend. The final day's "Demolition Derby" was nothing on those in Southern California, where it originated. Determined daredevil drivers bashing their cars into their competitors was a sight to behold. Thanks for a fun-filled weekend, Gooderham.

& Scarborough

As others see it

ATTITUDE AT MUSKOKA LAKES UNBELIEVABLE

The largest single cottage association in Muskoka, the Muskoka Lakes Association, held its annual meeting last Saturday, and it turned into a shambles. Apparently, a portion of those in attendance presented a quite threatening and nasty attitude.

According to district chairman, Hugh Mackenzie the Muskoka Lakes Association was one of the most unhappy meetings he had ever attended. He said it was like a declaration of war.

The major bone of contention was the Roseneath development. The former lodge and its properties have been proposed to be turned into a major tourist development. The development has been approved by the district of Muskoka and the Township of Muskoka Lakes.

There have been many complaints, almost exclusively, from members of the Muskoka Lakes Association has had considerable internal turmoil over the past few years, but according to reliable reports from their meeting on Saturday, this turmoil has been now directed against the district and the township of Muskoka Lakes.

The majority of the membership is being influenced by a few and those few are using half-truths and deliberate lies to secure their position.

There have been statements made about taxes and representation. The membership of the association has threatened to take over district or at least take over the township. Their numbers are great enough to do this.

How sad it would be for such an absentee council to operate the daily functions of the outstanding Township of Muskoka Lakes. The question is "How would they do it?" Could the chairman of the public works committee be pulled out of a conference in Toronto? Could a surgeon in a metropolitan hospital be taken out of the operating room to make a decision on a lagoon problem? These incongruities speak for themselves.

A government must be made up of permanent residents and the sensible seasonal dwellers of Muskoka Lakes must realize this fact. They tried this approach in the Old Medora and Wood townships prior to district government and it didn't work.

One certainly gets the feeling, that a few hotheads that probably place themselves in the position of historical gentry of the township have had their noses put out of joint by Roseneath and the manner in which it was handled.

One man referred to himself as being treated like a "white nigger." No more need be said about such a statement.

It's hoped that the clear thinking members of the

Feir Play

by

Creighton Feir

You know it's always hard to say goodbye, but this past week we have had to say goodbye to our summer visitors who have been with us, some for a few weeks, while others were here for two months or more. We hope that you have enjoyed your holiday with us and that you will keep returning in the fall and during the winter months. The fall is usually a lovely time of the year here in the Highlands of Haliburton when the leaves turn into brilliant colours and it is a spectacle to behold. We have a great many attractions lined up for you this winter and if you are one that likes to do things on your own, there is downhill skiing at Sir Sam's Inn, cross country skiing, skating, hockey, curling, snowmobiling, you name it and we have it right here in the Highlands of Haliburton. And to top it off we have modern facilities throughout the Highlands that will make your winter visit one that you will never forget. So why not come back and join us. You can rest assured that we will treat you royally and we will be looking forward to seeing you.

I missed the first one but on Sunday I took the opportunity of driving out to the Stanhope Airport to catch an hour of the Cedar Creek Blue Grass band. A crowd of close to 200 people had gathered on a warm afternoon to get away from it all and listen to some great way down home blue grass music. Those present really seemed to enjoy the afternoon entertainment which was sponsored by the Metro Carnarvon Board of Trade and Wine Tasting Society.

The Kinmount Fair was, as usual, a resounding success. Large crowds filled the fairgrounds for both days of the event and the many interesting attractions kept them there all day. The Kinmount Fair is without a doubt a success story in the fair and carnival business in the northern part of Victoria County and in Haliburton County. This fair is a success for many reasons, including the fine facilities at the fairgrounds, an excellent grandstand show, a country fair atmosphere, a monster midway and a number of other attractions. The big reason for the success of this fair is the hard work put into it by our local M.P. Bill Scott, the fair board and the many people who get involved in the area. I personally think that one of the reasons that the Kinmount Fair is such a success is the fact that the fair board aren't afraid to spend money to bring in top notch entertainment and to pay out large sums in prize money.

There is an old saying that all good things must come to an end. So it is with the Rev. Don Nicholson who left the Haliburton United Church Pastoral Charge this week to move to Caledonia to be the new minister there. Preaching his farewell sermon "The Family of God" to a packed United Church in Haliburton on Sunday morning he recalled some of his happier moments during his seven year stay in Haliburton and some that weren't so happy. He spoke on what had gone on in the past and what he would like to see happen in the future as far as the local United Church is concerned. Rev. Nicholson, possibly one of the most popular ministers to ever enter a pulpit in the village of Haliburton can leave now resting assured that he has left his mark on many members of his congregation who have seen a great change made in their lives through his ministry. He was blessed with a great personality and was loved by young and old alike. During his stay here the church was filled practically every Sunday with people of all ages who kept coming back to listen to his stirring messages of faith. During a presentation following the service an Elder of the Ingoldsby United Church remarked that he personally was a better man today because Don Nicholson had been there. He was definitely a man for our times who was leading "A Going Church For A Coming Lord". We join with their many friends in wishing Don, his wife Gail and their daughter, Heather, all the best as they take up residence in Caledonia, Ontario. May God be with them now and in the days that lie ahead. Following the service on Sunday a beautiful buffet lunch was served in the church basement while several presentations of gifts were bestowed upon the Nicholson family.

The local community centres and recreation committee have decided to leave the ice in at the Dysart Community Centre in Haliburton. This means that ice time is available and if you are interested in renting ice time please phone Don Lloyd at 457-1233. The ice was left in last year for the first time and now with the same thing being done this year the extra ice time and extra practice sessions that will be available, our hockey teams should have the jump on some of the other centres who will not be putting their ice in until a later date. The hockey season can't be too far off when one considers that the Huskies will start practicing this Thursday night, September 4 at 8:00 p.m. at the Haliburton arena. We might also mention that the Huskies' first home game will be Friday evening, October 3 when Parry Sound will be the visitors.

In the interest of all those who get their drinking water from Dovers Spring at Haliburton we would like to set your minds at ease and tell you that in a recent sample of water from this source that was sent to the Ministry of Health recently and tested came back reading satisfactory and that the water is perfectly safe to drink. We have the report that came back in our office here at the Echo and if you would like to see it you are perfectly welcome to drop in and look it over.

If you happen to be in Haliburton, drive over to Oak Street and see the wonderful job that has been done to beautify the front entrance of the Full Gospel Lighthouse.

Pic of the Past

This picture takes us back to the year 1933 and shows six Haliburton girls on a sunny summer day preparing to shoot a round of golf at the Haliburton Golf Course which was operated at that time by Peter John Borden and his boys. From the left Noreen Patterson (Mrs. Dr. Cooper of Sherbrooke, Que.), Evelyn Austin (Evelyn Hosgood of Burnaby B.C.) Verna Austin (Mrs. Dick Logan of Toronto) Pauline Dart (Mrs. Robert Brohm of Haliburton) Jean Austin (Jean Melville of Vancouver, B.C., deceased) Jean Barnum (Mrs. Montgomery of Houston, Texas). Our thanks to Mrs. Robert Brohm of Haliburton for giving us permission to use this photo.

Bill Smiley

No essay this week. No controlled, clear, coherent, concise evaluation of some piece of trivia, as is my wont.

It's quite difficult to keep one's brains unscrambled in a summer like this. One day you are gasping around like a newly-caught fish, trying to extract enough oxygen from the humidity to remain alive.

Next day you are pounded on the head with hail - yes, hail - or you go down to the basement and there's a foot of water in it. First couple of times, I mopped it up. Now, we just stay out of the basement until the indoor swimming pool has dried up, by evaporation.

Once again, we have discussed at great length, what to do about the "patio". We call it that for want of a better word. We have two French doors leading onto the patio. The patio is a pile of rocks, ranging from three pounds to two hundred pounds.

It has no known purpose that we've ever been able to discover. It has no geometric or any other kind of design. It looks like something a cross-eyed architect, well into the grape, assembled one night with the aid of a bulldozer and a couple of bibulous, but mighty strong companions, in the belief that he was re-creating the Pantheon, in Rome.

And if you walk up the back path at night, with no lights on, one of the protruding rocks can give a hell of a rip on the shin.

Scattered among the patio rocks are bricks and half-bricks, pulled from the wall of the house by a vine that is a herbivorous Incredible Hulk. By day, it is a thing of beauty, making the old house look like something out of a book of Georgian prints of stately homes.

It must be at night that it turns into a monster, snatching bricks with its octopus-like tentacles and stuffing them into its voracious maw, except for those that dribble out of the corner of its mouth onto the patio.

And let's not speak of nights. Four mornings in a row I went out for my post-prandial coffee and morning paper. Four mornings in a row, I dashed back into the house, white-faced, shouting things like: "Call the cops. Get the fire brigade. The Vandals are here, and maybe the Goths. The Martians have landed. Gimme some brandy."

Now my back lawn is not exactly pristine and perfect, a classic greensward. Let's say you couldn't bowl on it, unless you were using square bowling balls. It has its little ups and downs, like the rest of us. Some almost of ski-hill potentiality. But it's mine, and I like it.

How would you like to go out and discover that a herd of elephants had been grazing on your back lawn, during the small hours? There were divots there that Jack Nicklaus couldn't make with a nine iron. There were holes that looked as though they'd been made by Mighty Mole. There was turf and grass and dung all over the place. It looked like a used car lot from which all the cars had been lifted by a mighty magnet.

Second time I saw it, I was cooler. Elephants make bigger droppings than that, and there's been no news report of a band of rogue elephants. I figured it was horses. But then I thought, horses eat grass, they don't kick holes in it.

Third morning, I knew it was the dogs next door, a couple of beautiful Pinch-yourman Dobers or something. But they're perfectly trained and kept in at night.

Finally, I knew. It was a kid I'd failed last June, getting back at me in some twisted fashion. I rapidly ran through the group, mentally, and came up against a brick wall. They were all too lazy to do such a prodigious amount of damage.

Next, we thought of coons. There are some around. But no self-respecting coon is going to be out there digging like a dingbat when all he has to do is whip the top off the garbage pail and regale himself on watermelon rinds and tag-ends of pizza.

Fifth night, we left on the outside light and I sat up all night with a brick in one hand and a hockey stick in the other. Nothing happened except that I fell asleep about two a.m. and dropped the brick on my bare foot.

Finally, as I should have done in the first place, I brought my neighbour, a man on eminent good sense and wide knowledge, over to view the vandalism.

He looked at me pityingly, as he so often does. But he's not brutal. He led me gently but accurately, as a seeing-eye dog does with a blind person.

"You've had your lawn sprinkler on? Quite a bit?"

"Well, sure. My grandsons turned it on back in July. I turned the tap off, but not the main valve. It's in the cellar. But there's been just a little trickle coming out of it for the last month."

"Skunks," he stated succinctly. "The water brought up those white grubs and the skunks went after them."

I wanted to give him an argument but I couldn't find a thing to say. If it wouldn't be a rotten pun, I might admit I felt a bit sheepish. Sheep were the only animals I hadn't thought of.

Anyway, the water is turned off and the skunks are off to ravage some other plot. I learned something, an achievement these days. And I have one more mark on the lengthy tally my grandboys must answer to one day.

As others see it

from page 4

association will assume their responsible attitudes towards Muskoka Lakes Township and the District of Muskoka. Many families do have a history dating back to before the turn of the century in Muskoka Lakes. These seasonal residents have made tremendous financial and cultural contributions over the years. We certainly feel the majority would agree that the permanent residents of Muskoka Lake, and yes, all of Muskoka have been more than equal partners.

The spirit of co-operation between these two groups should never be lost.

The very bold attack on the injustice of the actions of some of the Muskoka Lakes Association was led by district chairman Hugh Mackenzie. He was undaunted by their threats of power and just what was going to be the result of their action. He is to be congratulated. His position was welcomed by all of district council.

from the Huntsville Forester

- from the Ontario Federation of Naturalists -

The art of wildlife management is still in a rudimentary and often controversial state, but at least one concept is almost universally accepted - the importance of "edge". This edge is the transition zone, the meeting point of field and forest, water and land, or even shrubs and trees. This edge effect is the key to diversity of wildlife because it not only brings together species from adjacent communities, but also supports a whole set of wildlife of its own.

The edge effect is most clearly seen in bird populations. A shrubby edge along a stream is home to yellowthroats and yellow warblers. If a lakeshore edge is ringed with cattails, red-wing blackbirds and mallard ducks are more likely. If the edge is between dry communities, such as a shrubby fencerow, it ofen seems to be bursting with bird life - from redstarts and chestnut-sided warblers, to song sparrows and brown thrashers.

Look carefully at mammal tracks, and you often see the attraction of edges to four-footed wildlife as well. The fox prances along the side of the meadow; the mink undulates through the shrubby margins of the pond. Even the white-tail deer is essentially an edge species, requiring both the nutritious twigs of sunny openings and the dense overhead cover of coniferous swamps for its winter survival.

And what about man? A biologist named Shelford used to remind us that even man has his ecological niche: "Man is a forest edge species. Put him in the forest and he must make a clearing. Put him in the prairie and he must plant trees around his dwelling."

If we are to preserve or improve the diversity of wildlife in Ontario, we will still need examples of large undisturbed areas required by some species. But as a general rule of thumb, to improve the amount and diversity of wildlife on your property, try to maximize the amount of edge, and watch your wildlife respond.

End of Another Summer Season

Another summer season goes into the record books and it is time once again to look back and see how we did. The concensus seems to be that business on the whole was down just slightly from the previous year. It started cut a little soft but ended with a fairly solid August. Many resorts were concerned that their advance bookings were down considerably at the beginning, but as the season developed most vacancies were filled by visitors making last minute plans.

With all signs pointing to a couple of rough years in the general economy, tourism is still expected to hold up comparatively well. The pressures of the cities are now such that it is becoming more important than ever for people there to get away from it all. As long as we provide the type of environment they need and do a good job of promoting what we have, this major portion of our economy will continue to grow.

The Ministry of Industry and Tourism is this year spending more than ever before to sell Ontario to its own residents. The Chamber is presently soliciting advertising for a bigger promotional package than they have ever embarked on in the past. "We heard there was going to be a recession - but we have decided not to participate."

Frost Centre Sets Plan

Five years ago a member of representative groups attended a "Participation Day" at the Frost Centre and after touring most of the facilities a number of workshops were set up to explore what participants thought the future development of the centre should be. Since that time planning has been taking place, with consideration given to those discussions along with the mandate given to the centre when it was created.

Last Friday the original participants were invited back to the centre for the unveiling of the resulting plan and once again were asked for their input towards its implementation. The key word in the title of the document was "Integrated". Much effort was put into providing a plan that would allow such activities as recreation, research, demonstrations, logging, and environmental protection taking place side by side and in fact compliment each other. It appears to be a good plan, and one that should be used as an example when dealing with those that insist on making Algonquin Park an environmental waste land.

Annual Meeting

The date of the Chamber of Commerce Annual Meeting has now been changed to October 8. This change was made in consideration of the Central Ontario Travel Association who have set their annual meeting for October 1 and as in the past plan an all day seminar-workshop in connection with it. Many of our members, we expect, will wish to attend both meetings and this change will make that possible.

Final plans are now being made for our event which as in the past will involve a dinner and dancing along with the business meeting. -- And don't forget -- The "Highlander of the Year".

Coming up this Month

This weekend the British Empire Motorcycle Association's Annual Corduroy Enduro takes place throughout the county with their headquarters at Locarno Resort. Not much of this event is suitable for spectators but the hill climbing event in Haliburton on Sunday is a favourite with many. This is the largest event of its kind in North America.

Minden White Water Park on the Horseshoe Lake Rapids officially opens on Saturday, September 13 with Reeve Sinc Nesbitt and Assistant Deputy Minister of Industry and Tourism, John Maxwell sharing the honours. Following the opening competitors will be practicing for the Ontario Slalom Championships which take place the next day, commencing at 10:00 a.m.

"Septemberfest" is the latest annual event to be organized in the Gooderham area and features a ladies softball tournament beginning at 9:00 a.m. Saturday, September 13. In the afternoon a game between the Gooderham ladies and the members of Glamorgan council and other local dignitaries should prove most interesting. A rummage sale, beer garden, beef barbeque and corn roast and a dance in the evening top off the festivities.

Bruce and Marion Henry are justly proud of their daughter Cassandra and you will see why if you drop in to the Rails' End Gallery to view her paintings between September 2 and 20. On Saturday, September 13 between 6:00 and 10:00 p.m. you may also meet the artist herself.

New Members in Minden

Just north of Minden on the Bobcaygeon Road a new building was erected this summer to house G. Glass Products under the management of Tom Gough. Tom apologizes for the fact that the building does not yet have siding installed, but this is due to the fact that business has been so good since he opened the doors that he has not yet had time to install it. Tom has moved into the area from Parry Sound, and his partner Merv Gibson intends to follow his lead shortly. He handles a full line of glass products including mirrors, doors, patio doors, thermopane windows and complete window units. Drop in to say hi and welcome him to the area.

T & L Records and Tapes recently opened on the main street of Minden just next to Nor-Photo. June Hollands made a snap decision to get into this new business and from all indications it was a wise one. Along with their large inventory of all the latest in tapes and records they can also pick up special orders on a weekly basis for any items they do not have in stock. June, of course, is a native of Minden and we now welcome her into the business community.

The Wagon Wheel Restaurant and Motel is now under the new management of Jean Jennings, her daughter Lorraine and her son-in-law Ed and a big helping hand from all the grandchildren. Jean, who enjoyed a considerable reputation for super Chinese food when she was the proprietress of Gelert Gardens, is looking forward to seeing many of her old friends again at this new location. I am sure those of you who have enjoyed her food before will join with us in welcoming her back, and we wish the family much success.

Motormen's Sid Cooper on the mound

Men's recreational softball ends for season

Legionaires take softball championship by upsetting LaRue motormen in finals

by Sue Cooper

The legionaires wrapped up the championship match of the Haliburton men's recreational softball league with an astounding 13 - 1 victory of LaRue's motormen, last Thursday night.

The legionaires were on top for the entire game with the motormen scoring their only run in the bottom of the final seventh inning.

The mood was set early in the first inning as Dick McLean hit a homer for the legionaires.

Strong pitching from the legionaire's Bernie Nichols helped keep many of the motormen away from the bases throughout the first six innings.

In the second inning, runners coming home for the legionaires were Andy Salvatori, Kirk Harrison and Craig Woods.

In the third, Nichols marked another run up on the scoreboard.

Widening the lead even more, McLean, Nichols and Salvatori crossed the plate in the fifth inning. The sixth saw Bob MacNaull come home on a home-run from Bernie Nichols.

The final runs for the legionaires were counted in the seventh with Harrison, Hugh Nichol and MacNaull all crossing the plate.

Finally in the bottom of the seventh with the chances of the motormen taking the championship looking grim, they managed to squeak in one run from Tom Curry to keep from being blanked.

After the game, Cliff Dawson presented the league trophy to the winning Legion team.

The teams of the Haliburton men's league would like to take this opportunity to thank the many people who came out and supported them this season.

Bernie Nichols led Legion with strong pitching

The championship Legion team

West Guilford wins first game in finals

by Helen Burk

In the first game of the finals played in Haliburton, West Guilford hosted the Minden Srs.

The Srs. led 1 - 0 at the end of the first and by the second it was tied 2 - 2. The game was close, until the bottom of the fifth inning when West Guilford got eight runs to lead 10 - 5. At the end of the sixth the Srs. fought back and were down 11 - 9. Then the Srs. got three runs in the top of the seventh and Guilford got one run to tie the game and send it into extra innings.

West Guilford held the Srs. with no runs in the top of the eighth. With one out Linda Sisson hit a triple to left field and scored on Merrie Barry's single to win 13 - 12.

The second game goes Tuesday night in Minden with the third in Haliburton, Wednesday night.

Sixty-three pass swim program

Sixty-three area children passed their Red Cross Swimming lessons in Haliburton Village and West Guilford, this summer.

The courses, taught by Hennie VanLieshout with the assistance of Katherine Austin, had 56 children enrolled in West Guilford in July and 77 in Haliburton in August.

Successfully attaining their credits in Haliburton were: Novice - Gregory Brohman, Kelly Cowen, Sarah Parkinson, Jennifer Smith, Shannon Stinson, Amy Vaughan; Prebeginners - Chris Greenfield and Kelly Heyes; Beginners - Kendra Curry, Cindy Dixon, Tanya Easton, Emmalee Newbatt, Jason Richards, Justin Richards, Krista Rydman, Danielle LaRue, Lance Stinson, Darren Warburton, Jeff Smith and Kristen Roberts, Alan Rydman, Noelle LaRue and Robert Davie; Intermediates - Shauna Pearson, Lucy Postlethwaite and Jeff Popple; Senior - Todd Fyfe, Emma Postlethwaite, Chantal LaRue, Bret Ashton and Lisa Ashton.

In West Guilford, the children who made their grade were; Novice - Stephanie Bain, Jerry Griffin, Jean Morrison, Michelle Simms and Gregory Stamp; Prebeginners - Jason Ashman, Kevin Ashman, Tricia Bain, Andrea Barry, Jeffrey Nash, Derek Rowden, Tracy Simms and Angela Teasdale; Beginners - Missy Barry, Kim Blair, Michael Rowden and Stephanie Seliq; Junior - Terri-Lynn Barry, Christina Campbell, Jaro Cooper, Lyndel Morrison, Mark Robinson and Jeffrey Stamp; Intermediates - Debbie Barry, Janet Geddis, Paul Robinson and Ian Cooper; Senior - Beverley Henderson.

Cardiff council minutes

from page 2

the east limit of the said lot. 2. Schedule A shall be amended by the addition of a private road extending from the township road in Lot 22, Concession XVI, westerly into Lot 21, Concession XVI, then northerly adjacent to the shore of Deer Lake, then easterly and southerly to re-join said private road in Lot 21, Concession XVI. (3) Schedule A shall be amended by the deletion of the Rural zone in Lot 10, Concession XIV, south of Colbourne (West) Lake and the addition of an Open Space zone in this lot. 4. Section 38 of By-law 18-79 shall be amended by the deletion of the word "township" in the second line, which shall be replaced by the word "private", and Schedule A shall be changed accordingly.

The following accounts were authorized for payment: roads voucher - $24,444.31; general voucher - $8,680.94; Ontario Home Renewal cheque - $5,000.00.

The next regular meeting of the council of the Township of Cardiff is scheduled for September 11, 1980 beginning at 7:00 p.m. at the municipal office on McGillivray Road, R.R. #3, Bancroft, Ontario, or as called by the reeve.

Kinsmen clubs donate millions

The Association of Kinsmen Clubs donated $46.5 million in service work to Canadians for the 12 month period ending June 30, 1980, it was announced at the organization's annual convention held in Edmonton last week.

John Green, of Drayton, Ontario, the association's national president, made the announcement. The figure includes cash raised as well as the value of the service work contributed.

COUNTY ECHO FAMILY

Church bids farewell to Nicholsons

Last Sunday, the congregation of Haliburton's United Church said goodbye to the man who had been their minister for the past seven years. Rev. Don Nicholson, his wife Gail and daughter Heather were departing to take over a pastoral charge in Caledonia, 10 miles south of Hamilton. Sunday's leave taking was a sad one, both for the congregation and for the Nicholsons. The congregation knew it was losing a man who had brought something special to the job, a minister who had, with humour, energy and commitment, infused new life into the church and strengthened its role in the community. And the Nicholsons knew they were leaving a village and a way of life they would not soon forget.

"The and myself have grown up together"

Rev. Nicholson, wife Gail and daughter Heather

In the seven years he had been in Haliburton, Nicholson had received more than 30 calls from other churches, some with congregations as large as 1000. He always turned them down. But five months ago, a call came from the parish in Caledonia, a town of 6000. This time, the Nicholsons sensed, the call had to be accepted. Haliburton had been home for longer than any other place they had lived, and it harboured many of their most pleasant memories, but the time had come to move on.

In Christian terms, Nicholson said, "there should be a belief on the part of the minister that he really is being called by the other charge," a sense that he has qualities that will fulfill the new congregation's needs. In secular terms, he said, it would be called intuition. He and Gail had said they would never want to move to Hamilton. But the Caledonia call changed their minds.

"Both of us felt that this was the place to go," Nicholson said in an interview Saturday morning, as the family prepared to load up the last of their furniture. "We're really excited about it. We think it's going to be very good."

Haliburton was Nicholson's first pastoral charge. A year after he accepted it, he and Gail were married. Four years later their daughter arrived. The manse was their first home and leaving it, and the village, filled them with nostalgia.

"Every minister I have spoken to has said your first pastoral charge will always feel like home. And that's certainly true of Haliburton for Gail and me."

Although the Nicholsons enjoyed the closeness and friendliness of small town living, seven years serving one parish (longer incidently, than any other United Church minister has served in Haliburton since the 1860's) inevitably produced complications.

"When I came to Haliburton I was very green," Nicholson recalled. "The congregation and myself have grown up together. But there comes a time when you're more of a friend to them. It can make it very difficult for counselling."

Nicholson brought a certain style to his ministry that made him popular in the community and that in the end, meant he could leave the parish of Haliburton in a much stronger position than it had been when he arrived. Although serious about his vocation, and about the Christian way of life he worked to infuse into the parish and the community, he never downplayed his ready wit and lively sense of humour. Less solemn and distant than the stereotypical minister, Nicholson was determined to be himself, and took a chance that people would accept him that way.

"People sometimes mold a minister into a way that they expect him to act and the stereotype that they are accustomed to. And I refused to be that kind of person."

He could personalize sermons and cermonies in a way that endeared him to many. His youth and energy, coupled with the strength of his beliefs, attracted young families back to the church.

The key to his approach, according to Gail, is that he sees his Christianity as a part of life, not a compartment of it.

"I believe that to be a Christian a person must be committed to Jesus Christ," he said. "And only with the commitment are you enabled to act out your Christian life." With that belief comes the strength to be your own person, free of social pressures, he said.

Over the years he has urged his parishoners to look within themselves, find their own strengths, their own gifts, and work with them, not just on Sundays, but every day of the year. Ministers should not be put on a pedestal he said, because every person "is a minister within."

"One of the most difficult things for me," Nicholson said, "has been to separate church and state." He maintained a strong stand against people who would use the church to fulfill conventions such as baptism or marriage without a basis of Christian belief.

"There are many people who have come to me to have their children baptized or to be married and I have had to say no," he recalled. The stand didn't always make him popular with the people who were refused, but he did not waiver. He tried in particular to be selective about the people he married, he says, because he wanted to be sure a marriage had every possibility for success.

"I think the hardest thing is for a minister to read in the paper that a couple he has married have divorced."

Nicholson also made no secret about the fact that a minister is every bit as human, every bit as subject to the pitfalls and pressures of daily life as are his congregation. He worked hard to make people understand his humanity and his weaknesses.

"I think a minister has to be free to express when he is hurt, when things are bothering him. People should not have the impression that things always go well in a minister's life. They don't."

On the community level, two things stood out for

Extendicare News

by Dr. W. O. Anderson

We wonder how many of you listen in one the CBC. Summer concerts given 10 p.m. Sunday when last evening it was the Toronto Symphony Orchestra, Victor Feldbrill conducting and an incredibly nimble pianist, Monica Gaylord. It makes us wonder how it is possible for a pianist's fingers to be so nimble. We are told that for a musician to excell with any instrument he or she must be determined to be a slave to it, that those musicians in a renowned orchestra such as the Toronto Symphony must practice two to four hours daily, but the pianist eight to twelve daily to maintain the nimbleness. Just think what they give to you when they play.

Monday afternoon the ladies; Noreen Stevens, Vivia Bowen, Lila Simmons, Flossie Burk, Hazel Parish and Maude Weston made huge batches of peanut butter and rolled oat cookies as if and as when standbys. These were made in the supervision of Pat Burk, the regular activities director now returned to duty. They simply cannot keep a good director down.

Tuesday morning brought movies of which two were shown: 1. Catch our Good Nature, a fishing story of men in a boat showing good catching, and very little of cleaning and eating them leaving us with the feeling of perhaps much wastage. Each of those lads would get from 50 to 100 thousand for perhaps a month of enjoyment, and for us the feeling of what we are missing by being here. The scenes were from Manitoba and not the Haliburton Highlands. 2. Duty free. Of all the luck, the days of the dirty thirties and rum running along the Atlantic Seaboard were shown. We are not particularly interested in rum or bootlegging, but we do like to watch our technology in action as good as the cinephotographer can get it, even if it is filled in by explanatory naration. All in all though we should not fault our staff too much in those matters, because we get reasonably good care and entertainment.

Our bingo featured well with Ray Smith calling making a good job of it. Only Betty Wise and Dorothy Iles were volunteers. They did a superb job.

Last year on our bazaar

DISTRICT NEWS

Kinmount Korner

by Millie Moss

Tom and Susan Funston of Milton, were Saturday guests of Bill, Lorrie and Jason Moss in Norland.

Congratulations to Mr. and Mrs. Gerard Pearson on the birth of their baby boy who tipped the scale at 12 lbs. A future lineman or heavyweight maybe? Grandma and grandpa are Mr. and Mrs. Ralph Pearson.

Cora Lake, my good old "Coby" friend, had her daughter-in-law Sheila Lake, from Buckie, Banffshire, Scotland as a welcome guest for some five weeks. Sheila was here to attend the August 9 wedding of daughter Roslyn to Charlie Cameron and has since returned to her home in Scotland. Cora tells me she really feels lost now, everything is so quiet around her house after all the comings and goings.

Sympathy at this time goes out to the family and friends of Mrs. Alice Pogue who passed away at Hyland Crest in Minden on Saturday morning.

To you folks who are lucky enough to have lots of small cucumbers, here's a recipe called: Quick Dill Pickles: 4 lbs. small cucumbers, fresh dill or dill seed, 4 cups water, 2 cups white vinegar, 5 tbsp. coarse pickling salt. Scrub cucumbers well. Soak overnight in cold water. Drain and pack in hot, sterilized jars with sprays of dill on the bottom and the top. Or use 1 tbsp of dill seed per quart jar. Combine remaining ingredients and heat to the boiling point. Immediately pour over cucumbers in jars. Seal. Store at least one month before using. Makes about 8 pints. For garlic dills just add 1 clove of garlic to each quart.

Did you know that in the diary of Samuel de Champlain, upon the discovery of the Kawartha Lakes area, he wrote, "All this region is certainly very fine and pleasant. Along the banks, it seems as if the trees had been set out for ornament in most places." - Aren't we lucky to be living here?

Happy 20th wedding anniversary to Joan and Harold Mills of Pickering on August 27. Their daughter Jennifer and son Mike gave them a surprise party at which a number of friends and relatives attended from as far away as Windsor. Bill and Win Wilson, of R.R. 1, Kinmount attended and stayed overnight at Win's brother Bob's home. May the next 20 be even happier than the first Joan and Harold.

Our sympathy to Bill and Betty Scott, all family and friends on the death this week of Bill's brother Ralph.

Congratulations to Mrs. Cora Pasquino of Donald, Ontario, on her win of $1000 in the Wintario draw last Thursday.

Sunday visitors at our house were Pearl and Arnold Cowen of Minden and later a couple stopped by, whom we hadn't seen in some years, a war time buddy of my Bill, Mr. and Mrs. Al Rinehart of Willowdale.

On behalf of the post office, thank you, Jim Hockley.

I suppose most of you know of the very large home in Kirkfield with the pair of big white horses on the front lawn? Well, I was told that the stable which housed a lot of antiques burned down about 2:15 a.m. Tuesday. A Mrs. Crawley is the owner. The flames were seen to shoot a hundred feet up into the air and firemen attended from at least three areas. There was little they could do, other than contain the fire to the onc building.

While on the subject of fire, Mr. and Mrs. Gary Bradimore, who rented a church house at Corson Siding, were burned out about 7 a.m. Sunday.

Audrey, Wilf and Joseph Belanger, Rexdale, were Tuesday visitors of Mary L. and John Pyke and later in the day all five of them visited Alex, Helen and Sheila Graham in Norland.

Our local golfing priest, Father R. Hart, has done it again! He placed second this week in the Clerics golf tournament held at Peterborough. Congratulations!

Note to Mary G.: Pick up the old feet girl, otherwise it's very hard on the knees, elbows and hands! - Not to mention the stairs.

Our grand fair will be a thing of the past for another year by the time this is in print so I'll just say, I hope you all had a great time. The A.C.W. ladies will no doubt still be relaxing after their first attempt at having a booth at the fair. I may have more to say about that later.

I was glad to hear Maggie Kylie is feeling a little better and hope it won't be long before we see her out and around again.

Ida Pardy of Coboconk has been very ill with the flu this week. Hurry and get well Ida, we all miss you.

Tuesday guests of Joan and Ken Hyams were Frances and Dan Biewenga of Mitchell, Ontario and on Thursday, Nancy and John Goodwin, along with their sons, Chris and Mark visited from Rexdale.

Helen, Alex and Sheila Graham were Thursday afternoon visitors at our house.

I was sorry to hear that Clyde Pardy was also ill this week.

Charlene Fountain and her son Steven have been visiting

Cont'd. page 9

Mr. and Mrs. Lee Roberts of Haliburton celebrated their 60th wedding anniversary at their home Saturday. The two, who have lived in the village most of their lives, were married August 30, 1920 in Lindsay. They have eight children (six girls and two boys) 12 grandchildren and two great grandchildren.

Coboconk News

by Shiela Lake

'Once upon a time' - the opening words of long ago told story. Once upon a time, Coboconk had a horticulture society but through lack of interest, it has fallen by the wayside. A couple of very hard workers for the horticulture society have passed away so are no longer here to struggle along and keep the society afloat. Mrs. Bertha Caton and Mrs. Marjorie Alton were very hard workers in this area. There used to be well over a hundred members. A few have done their best to keep the society active but have not really had much help. Won't you consider making this a strong horticulture society right here in our town? Give a call to 454-3392 or 454-8773 and tell these people that you would strongly support this effort. There are many advantages,

Wilberforce News

by Winnie Schofield

On Sunday, September 14 there will be a miscellaneous shower at the Legion Hall for Sharon Barnes. The shower will take place at 1:30 p.m. Sharon is the daughter of Blake and Adele Barnes and she has many local friends having lived here since birth. Sharon is to be married soon to Barry Agnew, another popular young person from Wilberforce. He is the son of Ross and Vickie Agnew.

This has been a wonderful summer for Tammy Burroughs. As a small girl she acquired a love for horses and was not content until she owned her own pony. She now owns two fine horses, Dancer and Belle and has devoted many hours to their upkeep, giving up spare time and TV to attend to the necessary grooming, practice and training. Vacation time earnings, birthday and Christmas gifts have all gone toward feed and equipment for her beloved horses. All this paid off this year when she entered Dancer and Belle in the riding horse events at the Coe Hill Fair and had the satisfaction of seeing Dancer awarded five ribbons while Belle was the winner of four.

During the summer Tammy spent some time at the summer school for equestrians at Imbercourt in Gault where she was able to improve on her knowledge of the fine art of horsemanship.

Another happy event happened when Tammy, 15 at the time, was chosen beauty queen over nineteen contestants at this year's Wilberforce Country Good Times beauty contest.

Tammy is in grade 11 at the Haliburton high school.

After summer activities and guests you want to relax and take life easy for a while. That is a fine idea but to maintain that feeling of well being an effort must be made with diet and exercise. The place to do this is the Slim and Trim Club where members gather every Thursday evening at Harcourt Community Hall. Here you will find the encouragement you need to shape up and share with others the happy moment when you discover the loss of 10 or 15 pounds. Drop in and find out what it's all about. Doors open at 7:30 p.m. This club is not just for women; men need help too.

Saturday showers held off long enough to allow the successful completion of the auction sale being held at the Legion Hall. Bidding was brisk and members were well satisfied with the results.

The beef barbecue dinner drew a good crowd who were not disappointed in their expectations of an excellent dinner. Mr. Wally Marks was head chef and his barbecued beef was superb. The ladies went all out to welcome guests and provide a smooth service.

A contingent of Legion members from Branch 624 took part in the parade at Kinmount. Showers prevented a perfect performance and put the damper on the event but great crowds of people were on hand to watch and cheer.

Mrs. Hayes, long time cottage owner at Pine Lake, died suddenly last week at her home. The Hayes are well-known in this area and have been coming for annual visits for over 40 years.

We are sorry to hear that Percy Tighe is a patient in the Haliburton Red Cross Hospital. The latest reports are that he is doing nicley and we hope to see him about in the near future.

Olive Atkinson is a patient at the Peterborough hospital where she is expected to remain for another week. She is making very good progress and is in a much improved condition. Best wishes for future health to Olive who leads an active life. She is the secretary of the Monmouth Library Committee.

Now that the month of August has come to an end the library hours will change back to Tuesday, Thursday and Friday with Saturday closing.

If you're looking for a fun time with plenty of laughs be sure to attend the Donkey Baseball games to be held on Sunday, September 7 in the Wilberforce Ball Park. This event will be sponsored by the Wilberforce Volunteer Firemen and they will take on the firemen from Gooderham. Gooderham men, who were trounced by Wilberforce a short while ago, will be seeking revenge. This should provide plenty of action and much merriment.

one being you get bulbs, etc. at a better price. We can make our town "picture" pretty.

The fire of last Sunday morning left Gary and Molly Bradimore and family homeless. They lived in the manse owned by Grace Gospel Church at Corson's Siding. They lost almost everything and are staying with the Harry Stewarts here in town. We had driven out about 8 o'clock to see the fire and returning home, noticed a car on the south side of the road, just east of Balsam Lake Provincial Park, high on the bank of the road, almost in the field. Figuring it was an abandoned car, we did not investigate but regretted it, as we later learned Earl Powell, a park employee checked it out and found a badly injured man. The man is now in Sunnybrook hospital. Had we stopped and checked out the car, we could have had him taken to hospital a good hour sooner. I guess one should check out these things, but with so many murders, etc. You never know what to expect anymore. How sad too, for the Jamacain "nanny" woman who drowned in Shadow Lake.

Speaking of drowning, Thursday afternoon about 4:30 p.m. while waiting on clothes to wash at the laundromat, I was outdoors when I heard cries for help from the dam area. On investigating there were some young men down under the dam, standing on the stop logs above those strong falls. The fellows must have pulled out their friend when I got there as the cries had stopped. I wonder why do people deliberately place their lives in danger? Are they not trespassing? An air mattress was caught in the rapids beneath the dam at the eastern end of the dam. It kept bobbing up and down. Where the owner went is a good question. He must have abandoned his raft before it was pulled over the dam.

The Charlie Routleys and Everette Fountains from Norland are home after a visit to the eastern provinces.

Mrs. Vi Fountain had a household sale last week, and a real good crowd was in attendance. Vi will move to Oshawa soon.

Mrs. Wm. Goode and boys and Mrs. Rod Harrison and family, all of Queensville, spent several days with Mrs. Annie Marles.

Friday, Mr. and Mrs. Fred Yule of Toronto, Mrs. Ellen Marles and Lyn of Mt. Albert, Mrs. Russell Marles and daughter of Sutton, Mrs. Mayor E. White of Fenelon Falls and Mrs. White's son, Dr. Wm. White of Calgary, all were visitors of Mrs. Annie Marles. The gathering was a family visit with Dr. Bill White who has been to Brighton, England for a lecture and Halifax, Nova Scotia for a lecture and is flying home to Calgary on the weekend.

I was sorry to hear Mrs. Marj Henderson has not been well and has been in Ross Memorial Hospital. Get well soon, Marj.

Mr. and Mrs. Ken Frolick and Clara Schell are home after a two-week visit to Mr. and Mrs. Calvin Valliers at Berrin Springs, Michigan.

Mr. and Mrs. Lutz tell me that their property, Green Acres will soon be open again. New proprietors are opening the Green Acres soon.

The Bexley Open House was a big success last Saturday. However, selling hot dogs for a nickle, and pop for mere pennies must surely have cost the Bexley taxpayers a fair amount. If they had sold these items at cost price it would be different, but to sell them at a loss - who else pays but the taxpayer? I'm sure a lot of work went into this project, but really, we have seen before how the tax dollar is broken down and just what did the event cost: Perhaps someone will tell us what was the total expense of the open house. I'm sorry I was unable to be there and ask questions as we had gone to Stroud for a good part of the day.

I enjoyed a visit from Claire Brooks on Wednesday. Claire lives at Lutterworth Pines Minden.

If you've noticed a sleeping bag with a fellow sleeping in it, along the river on the warf down along by the United Church - don't roll him over and push him in! He really enjoys his bed there and the great outdoors is at its best this time of year! Apparently, this is his summer bed - the warf, that is!!

OPP Report

The Minden detachment of the Ontario Provincial Police report the following activity for the period of August 25 to August 31, 1980. During this period the staff investigated 11 reportable and five non-reportable collisions as well as 136 general occurrences.

There were 13 thefts, five breakins and six willful damage incidents reported. Eleven compassionate messages were delivered and 18 persons were charged with liquor offences.

Kinmount Korner

from page 8

from Oshawa, at the home of her parents, Clara and Ambrose Watson and one day during the visit, Charlene, Steven, Clara and Flo Schlosser took a trip over to Collingwood where, it's reported, they had a terrific day, would you believe going upon the lifts and coming down those slides which you've probably seen on T.V. Steven, of course, tried most all the rides and really enjoyed the day. Clara says, those slides are very high and winding but she liked it.

Flo and Harold Merritt of Arthur, Ontario, spent a couple of days in our area recently and visited with Clara and Ambrose Watson.

Ann Bannon and Donna Crego are now home after spending their holidays working at Haliburton's Camp Kimberley. Lynn Allen, sister to Donna, upon hearing her sister was home, came up to Kinmount and took Donna back to Lindsay with her. They will all be in Kinmount for our big weekend.

Euchre results Tuesday evening at St. James Hall were: ladies' high: Mary Phillips, ladies' low: Verna Crego, men's high: Steven Fountain, men's low: Claude Crego and most lone hands: Nora Swinson.

Welcome home to Mr. and Mrs. Charlie Cameron.

Thanks for the heartening words Clara Watson.

I hope you're feeling better, Marg Michel.

Stay healthy and happy.

Lillian Stephens will be the guest speaker at St. George's A.C.W. meeting, September 8, 8:00 p.m. Anglican Church Parish Hall. All Ladies Welcome.

Lillian is the wife of the late Dr. Overton Stephens, author of the book "Today is all you have".

She is the mother of 3 and grandmother of 6.

Mrs. Stephens has been in full-time work with the Marney Patterson Crusade and has travelled lately to South America. Come and hear how she walks daily with the Lord.

Gooderham News

by Mary Hadley

Our community was again saddened when it was known that Mrs. Grenville Graham had passed away at Haliburton Red Cross Hospital at the age of 46 years. Surviving are her husband, two daughters, Cheryl and Lynne, one son, Jeff, and her mother, Mrs. Tommy Riel. Pastor Sauve officiated at the funeral in the Pentecostal church, which was filled to overflowing with friends who came to pay tribute to a courageous lady and to express their sympathy to the sorrowing family.

Mr. and Mrs. Murray Madill brought Murray's mother, Mrs. Allan Madill, to her home for a couple of days last week. Her old friends were pleased to see her again.

Mr. and Mrs. Dallyn Pickens have returned from a two-week visit with their daughter and son-in-law, Mr. and Mrs. Harkness at Thunder Bay.

After spending three weeks at her cottage and two weeks at the home of her daughter and son-in-law, Mr. and Mrs. Ivan Hunter, Mrs. Storey has returned to Toronto.

Mr. and Mrs. Murray Madill are holidaying at their Pine Lake cottage. Their daughter, Beverley Anne and her husband Olaf Kraulis, of Willowdale, spent a week with them, accompanied by their daughter, Katherine, and son, David.

Parks and Recreation Board will sponsor Septemberfest at Gooderham on September 13. Starting at 9:30 a.m. there will be a baseball tournament with five teams competing. At the completion of this tournament the employees of the municipality will meet the Gooderham Tigers. This should be a spectacular! Other events are a rummage sale, corn roast and beef barbeque. A dance with a D.J. will be held in the evening. It should be an entertaining time.

Norma and Jack McQuillan and son, Peter, of St. Catharines, spent a few days with Norma's mother, Mrs. Claribel Sheehan. On their return, they took with them their daughter, Lee, who has been working at Bonnie View for the summer months and who will be entering McMaster in September.

Friends of Mrs. Pearl Cary are sorry to hear that she is a patient in Mississauga General Hospital. They are heartened to hear that she is making favourable progress and hope to see her home and well again soon.

It was pot luck night as senior citizens met for their end-of-the-month meeting. Such a variety of food tempted one to end up with an overly-full plate! The special feature of the evening was a presentation by Bob Stark of slides, synchronized with sound effects. He had taken pictures of breath-taking splendor - sunsets, sunrises,

Farm News and Views

Sprouting in Winter Wheat

The above-agerage precipitation and hot humid conditions at harvest time have contributed to a great deal of sprouting in this year's winter wheat crop. Sprouting is common in most wheat growing areas of Ontario and about 90% of the crop of this area has been graded as utility wheat.

Sprouting reduces milling quality and for this reason wheat is being discounted. Samples with more than 12% sprouts are graded as utility or feed wheat.

There seems to be confusion as to what constitutes sprouting. Some farmers who feel they have very few visible sprouts are being discounted heavily for sprouting. The Canadian Grain Commission which does the official grading for the wheat board, considers grain that is swollen to be sprouted. Prior to visible sprouting the kernel will swell up. This reduces the test weight and is a good indication that the sprouting processes within the seed have begun. Once these processes have begun, milling quality is reduced and thus the discount.

There is no reduction in the feed value of sprouted wheat. Our winter wheat compares to western feed wheat, except Ontario wheat has only 10% protein while the western wheat has 13%. The energy value of wheat is between 90 and 95% of that for corn.

This sprouting has caused concern about the quality of seed wheat. Generally if there is no visible sprout, the seed will still grow. The vigour of the seedling may be reduced somewhat, making it more vulnerable to disease.

Farmers are advised to treat their seed with a treatment such as Vitaflo 250 to control loose smut.

All growers are strongly advised to do their own germination test before planting, on both their own seed and purchased seed. Then if the germination rate is low (below 85%) you can increase the planting rate appropriately to get the desired stand.

Two weeks before planting sow exactly 100 seeds in a flat of soil. Keep it moist and out of doors. After 10 days count the number of emerged seedlings. This will give a good indication of the germination level.

Successful County 4-H Fair

The Victoria County 4-H Fair was very successful again this year. Over two-thirds of the eligible 4-H members across the county participated in this show at Omemee.

The highlight of the fair was the class for Club Exhibits. Fourteen of the 17 clubs in Victoria County prepared exhibits, outlining some aspect of their club's interest.

The champion exhibit was presented by the Omemee 4-H Beef Calf Club, with the Victoria 4-H Swine Club taking reserve placing. Other clubs in the first prize group were Fenelon 4-H Beef, Omemee 4-H Dairy, Victoria 4-H Garden and Woodville 4-H Calf. These exhibits will represent Victoria County in the Inter-County Show at Lindsay Central Exhibition.

Champion 4-H Beef Showman was Laurie Long, of R.R. #1, Lindsay. Runners-up were Philip Jones, #2, Cameron, Graham Dyer, #6, Lindsay, and Brian Dykstra of #2, Little Britain.

Champion 4-H Dairy Showman was Steve English of R.R. #5, Lindsay, Runners up were Mike Blake, #1, Woodville, Dick Noble, #1, Manilla and Joe Peeters, #4 Omemee.

Kelly McCall of #1, Omemee was the winner in the Pony Showmanship Class.

Trent Severn

The average reservoir storage was 78.1% on August 25, down 4.9% over the week. The continued hot, dry weather has helped the Trent-Severn Waterway staff to lower the reservoir lakes closer to normal for this time of year. Excess reservoir water will continue to be run off at above average rates to try and get the lakes to a normal level by the time the trout spawn in October and November.

The Otonabee River flows were nearly constant, at about 20 cubic metres per second throughout the week. Most of the Kawartha Lakes, and Rice Lake have stabilized now a few centimetres below the maximum of their navigation range. These reduced levels will provide some storage for heavy rainfalls, so that flows will not have to be increased rapidly, thus risking shutting down of navigation or flooding out two construction projects on the Trent River. A new dam 10 at Campbellford is presently under construction, and the Ministry of Natural Resources is engaged in some river bed improvement work below Healey Falls, which it is hoped will reduce fish kills in the area as the flow is reduced sharply after spring freshet.

In spite of continuing to run maximum flows from the lake for the past week, the drop of Lake Simcoe-Couchiching has slowed to about one centimetre every two days, the same rate of drop as the rule curve. The level on August 29 was 219.00 metres, still 14 centimetres above the rule curve. This reduction in the rate of lowering of the lakes in the fall is normal, as evaporation is drastically reduced. During the hot dry days of midsummer, about half the daily drop in lake level is due to evaporation, while the other half is due to the water being run off the lakes through the dams at Washago.

Chatting with Irene

by Irene Moore

Did you ever get the notion you wanted to have a holiday? Well that is the way I felt when I sat down to start my column. I just couldn't get with it. Then I thought, Irene get with it and don't let those who read your chit chat down, so here I am.

For September 1 this seems a let down day; everyone is dragging their feet, even the kids. Maybe it is because it is the last holiday before Thanksgiving. Then, of course, comes the cold weather. Ugh, how I dread that. Oh well, maybe this month and next will be nice and sunny for the locals.

By the way, don't forget Civic Holiday for the stores comes up this month. Once you've loved a garden - it's hard to let it go. Once you've planted flowers and shrubs and watched them grow - they send down roots into the heart becoming part of you - stealing through your mind, when there are other things to do. And if through changes, failing health of disability - You have to give it up, it clings around your memory - though you cast it from your thoughts, in dreams you'll see once more - the roses at the window and the daphne by the door - imagining you catch the scent of thyme and mignonette. Once you've loved a garden you can never quite forget.

That is the way I feel, because although this is the first year I haven't had a vegetable garden for many, many moons; I sure miss my little cucumbers to eat more than anything else. Maybe next year or maybe not! Who knows?

September birthdays at Hyland Crest Home for this months are few. Isabella Eastman, 9th; Frank Billings, 12th; and Mary Oliver 26th. Keep those cards rolling in.

I had a nice visit from my nephew Doug Chamberlain of Scarborough this afternoon. He was on his way home from a friend's cottage at Mountain Lake but never fails to come in and see us.

With school starting this week here is a punch line for mothers of new beginners "And what did Mama's little darling learn at school today" - Answer - "I learned two punks not to call me mama's little darling."

Mr. and Mrs. Andy

Cont'd. page 12

Gooderham News

from page 9

autumn glory, while reading such Biblical passages as those of the Creation and the Shepherd Psalm and in the background was music played by his wife. His photography was outstanding. We were filled with awe and admiration at the beauty of God's handiwork. Marjorie Madill thanked him, saying words were inadequate to express our pleasure at his artistry. Bob will be leaving soon to continue his studies at Queens. He has played his bagpipes in the evenings and those around Pine Lake shores will miss the sound of such selections as "Amazing Grace" as the sun sank below the hills.

Mr. Tommy McColl was taken by ambulance last Wednesday to Haliburton Red Cross Hospital. At the time of writing he was resting comfortably and much improved. We all hope to see him home shortly.

On Thursday evening the Tory Hill Pastoral Charge sponsored a corn roast at Bear Lake Park. The occasion was a farewell to Mr. Bob Stark, the summer student minister, and his wife Myrna and two little daughters. Maurice Bradley, minister of the charge, presided and paid tribute to Bob for his untiring efforts in his ministry. Ken Noble spoke for Tory Hill. Glen Madill spoke for Gooderham, Clarence Bradley for Wilberforce and Maurice Bradley for Highland Grove as well as adding his personal thanks. Rev. Henry Gaetz of the Northern Pastoral Charge also spoke, thanking the congregation for the help they had been to Bob in gaining experience to continue his chosen career. On behalf of the charge he was presented with a plaque and also another one from Mr. and Mrs. Maurice Bradley. Bob replied saying that he had been happy in his work and appreciated the warmth and friendliness extended to him and his family. The plaques would always remind him of his first summer internship. Everyone enjoyed the corn while listening to Bob playing the bagpipes as the evening closed around this beautiful spot. May God's richest blessings follow them as they pursue their life work.

Tragedy has again struck our village. While returning to his home from Haliburton, Doug Dewey hit a rock-cut on the Buckhorn North road, resulting in his death. He was 31 years old, the son of Mr. and Mrs. Bill Dewey. Heartfelt sympathy is extended to the bereaved family.

A FAMILY WEEKEND IN TORONTO FOR ONLY $49.00*

Naturally we can't include meals in that price, but we can provide a very comfortable 2-bedded deluxe room whether you stay with us Friday and Saturday or Saturday and Sunday. And your children under 12 occupying your room with no additional beds are free! We're convenient to both airport and 401 and we'll spoil you with free parking, colour cable TV, in-room coffee and morning newspaper. Our food is great, the service will please you and our outdoor summer pool is a great way to relax. We have courtesy transportation to and from the Toronto International Airport. Come and see us! By advance reservation only . . . call or write!

Harcourt Chapel Happenings

There seems to be mixed feelings among students as they soon return to school, however, deep down in most of their hearts I believe one would find that they are glad to get back into a programmed way of life. To the busy person, the summer season has gone very quickly and to the idle person time has no great meaning at its best.

Youth camp at Graphite ended Sunday with our young people returning with a great spiritual imput and reports of a wonderful time, not overlooking the scars and bruises on some received as a result of over-energetic games of baseball and water skiing. They say it is all part of camp life.

This Monday evening at 7:30 the Chapel ladies meet for a time of devotion and business relating to the ladies activities in the Chapel.

The Wednesday evening prayer and bible study groups both east and west of the Chapel have been very well attended as they meet at 8 o'clock in various homes. These gatherings are open to anyone who may wish to attend.

Sunday marked the end of the June-July and August quarter for the Sunday School and students received their new quarterly manuals. Next week is promotion Sunday when children will be entering new classes. Teachers become very attached to children who are attentive and contribute much to a Sunday School class. As these children become adults and take their place in tomorrow's world it should give each teacher a sense of joy in knowing that they have been instrumental in shaping lives on biblical truths and principals in preparation for the difficulties which lie ahead in every life.

The evening message was brought by Brother Charles Hughes. His text was taken from the Epistle of Paul to the Romans, Chapter 6 and the portion relating to ourselves as willing servants of our Lord Jesus Christ and our relationship one to another.

Prior to the message the wedding banns were read announcing the marriage of Mr. Kevin Wadsworth of Maynooth, son of Mr. and Mrs. Alex Wadsworth to Miss Wanda Andrews, daughter of Mr. and Mrs. Allen Andrews of Highland Grove. The wedding is to take place Saturday, September 6 at 3 o'clock in the Harcourt Community Chapel.

Next Sunday is communion service at 10 a.m., Sunday School at 2:30 and the evening service at 7:30 at which time Brother Boyd Robinson of Graphite will be bringing the message.

Please watch for announcements concerning the Family Seminar with well-known bible teacher Mr. Harry Morrison at the Harcourt Chapel commencing September 21.

Norland Notebook

by Barbara Maunder

Monday, September 1 marks the last night of bingo in Norland Community Hall for this season. The numbers will be called until the jackpot is won. The members of the Ladies Auxiliary of the firemen would like to thank everyone who attended and supported their summer bingo games. Special thanks, too, to Marlene, Marilyn and Doris Bartley who organized and helped very much, also Phyllis LeCraw who called out the numbers each Monday night and Grace England who looked after the snack bar. Without these hard working and responsible ladies the bingo games would not have been so successful. The Auxiliary hopes to see all bingo enthusiasts again next summer.

A special meeting of Norland Women's Institute members was held in the institute hall on Monday, August 25. The purpose of the meeting was to discuss ideas to raise money to finance the cost of new siding for the institute hall this fall. Since the treasury is about $500 short of the amount required, the members decided to hold an auction sale beside the institute hall (Highway 503 just west of Highway 35) on Saturday morning, September 27 beginning at 10:30 a.m. Auctioneer John Pearce of Toronto and son-in-law of Jesse and Hilda Buxcey has kindly offered his services to auction the goods. The institute would appreciate any donations of articles for their sale - a reminder when you are fall house cleaning; articles can be left in the W.I. hall by calling Betty Davey (4541189) or left here at Norland Marine. For further details president Patricia Watson can be reached at 454-3674. A sandwich and snack bar will be available in the hall for the convenience of those attending the sale. The institute is also planning a bake and craft sale in Norland Community Hall on Thanksgiving Saturday, October 11 at 10:30 p.m. Please wish us well in our many ventures and plan to attend them.

Everette and Leona Fountain of Norland accompanied by Charlie and Gladys Routley of Coboconk returned after an enjoyable and informative trip by car to the Maritimes and the east coast. Some are being true to the slogan and "Seeing Canada First" this summer. It is a beautiful country in which we

from page 10

MacKenzie of Toronto spent a few days at their house on Newcastle Street.

Congratulations to Minden Furniture Centre for the contest they held this summer. Final winners were - Karen Snell - the trip for two to the Bahamas which was the first prize. 2nd prize of a dinette suite went to Cecilia Mathews; 3rd prize of a hall seat went to Betty Harper; 4th prize of a large braided rug was won by Muriel Bird; 5th prize - a pole lamp was won by Gaye Irvine; 6th prize - wallpaper of your choice won by Lynda Pawluck; 7th prize - picture framed wall clock - Clare Harrison; 8th prize - Smokers stand - Carol Byer; 9th prize - pkg. of dress material and accessories - Madeline Wagg; 10th prize - set of wooden salad bowls - Bea Fowler.

This contest must have been a headache for both the store and contestants but all went home happy.

"Attention" all United Church women in Region "6". The United Church Rally for Region 6 will be held at Carnarvon United Church on Wednesday, September 10. Registration will be at 9:30 a.m. Minden ladies please note for car pool and attendance please contact E. Sedgwick, 286-2671 and if in need of transportation meet at Minden United Church by 9 a.m., no later.

The family of Steve Southorn have moved into the home of Mr. Harry Cowen on the Bobcaygeon Road past Freightmaster Transport.

The world is not so bad a world, as some would like to make it; though whether good or whether bad, depends on how we take it.

Mr. and Mrs. Eldon Deacon are having a lovely visit with their family in Calgary, but these visits always are too short aren't they?

We are pleased to note that Minden Stedman's store over the summer has added over $75 to the library fund from the jar on the counter.

Mr. and Mrs. Blake Hughes and daughters of Mississauga spent the weekend with Mr. and Mrs. Bob Hughes and other relatives.

Bradley Robinson of London visited his parents Mr. and Mrs. Phil Robinson over the long weekend. Other visitors with them recently were Mr. and Mrs. Wm. Purkiss of Beaverton and Mr. and Mrs. Ern Voicey of Gamebridge.

I was talking with Lyn Winans before she went back to Baker Lake, Keewatin, N.W.T. and asked her to send some news from there so we would know what went on up there. Don't forget Lyn we are counting on you to keep us posted and you have my address but in case you lost it, Box 2, Minden, Ont. K0M 2K0 will get me. See I kept your address and we miss you on the ball team but Minden to date is in play-offs.

Glen Stamp of Oshawa and Glenda Stamp of Whitby visited in Minden on the weekend.

The Women's Institute bus trip on October 1 will be at Cullen Gardens then on to the Oshawa area. All members of W.I. please have names in by September 17 meeting.

The Paul Warburtons and Sandra Sears, all of Toronto, visited Mr. and Mrs. Milt Sears during the weekend.

Mr. Gerald Coulter of Toronto spent the weekend with his parents, Mr. and Mrs. Angus Coulter.

The next library-culture centre meeting will be held on September 8 at the library.

Mr. and Mrs. Bill Porter, Patti, Corey and Joey visited in Toronto with relatives on the weekend.

The storms didn't stop the campers who spent the weekend at the Kinmount Fair. It is hoped that all went well on the weekend.

There is such joy in little things - a friendly smile, a gay hello. A visit on the telephone, will give my day a happy glow, Throughout the day I seem to find so much that gives my spirit wings, but most of all I'm finding true, my joy is in the little things.

How would you like a - "South of the Border Salute" - 1 lb. hamburger; ¼ cup diced onion; 1 pkg. dry taco seasoning (or substitute); 1 (8 oz.) can tomato sauce; 1 cup water; ⅔ of an 8 oz. pkg. Tortilla snack chips, slightly crushed; 1½ cups grated cheddar cheese. Brown onion and hamburger; drain excess oil, add taco seasoning, tomato sauce and water. Mix well then add Tortilla chips. Place this mixture in casserole and top with cheese. Bake at 375 degrees for 15 minutes. The kids will love it.

Miss Laura Bird, R.N.A. of Toronto spent a few days this week with her parents Mr. and Mrs. Earl Bird.

Got the family all off to college? I hope all the parents had fun getting Graham Neville, Kevin Newell, Bill Muskow and Mike Bird settled in their apt. near Sir Sandford Fleming College in Peterborough. No, no girls, no address. You'll have to ask their parents!

Richie Walker had a very enjoyable visit with his brother in Alberta.

How are your gardens coming? As I said I only had flowers but finally my gladioli have decided to grow spikes. Now if we get no frost for a week or so I might get flowers. Boy, what a summer we've had. Saint Helens and Hurricane Alan, I wish you'd go back to sleep for 100 years, then maybe the summers would get back to normal, if Europe doesn't start a war!

Mr. and Mrs. Lloyd Brownridge have spent a few days at their cottage. For those of you who know Lloyd, his eye operations have been successful as long as he behaves himself, so be good Lloyd and do as you are told.

Please stop at stop signs and make sure all is clear. Also observe the speed limits on streets as well as highways. Remember school is in again.

Adios and take care now.

MNR concludes programs

The Ministry of Natural Resources at Minden is wrapping up another successful summer student program in cooperation with four local municipalities. Anson, Hindon and Minden, Dysart et al, Lutterworth and Stanhope have employed a total of 16 "Experience" 80 students to develop or improve municipal lands providing public access to waters in the area. A brochure showing these areas will soon be available at each municipal office.

In addition, the ministry employed seventeen students on a variety of other projects. Five helped to maintain and improve several public access points on Crown lands, two carried out various office duties including producing maps and compiling lake survey data for fisheries management. Forest improvement operations such as pruning and tending were carried out by eight students in the Victoria County Agreement Forest, while two others worked for Field Services, one in Haliburton as a receptionist and one in Minden doing various office duties.

Nicholson family leaves Haliburton after seven years

from page 7

the Nicholsons as they looked back on their years in Haliburton. His four-year involvement on the Children's Aid Society was, he believes, of great benefit to Haliburton County. "And it has definitely made the Children's Aid much more aware of the problems in Haliburton."

The second highlight was the cooperation of three churches in the village to sponsor Vietnamese refugees. Together, the three raised over $13,000 to help the refugees toward a new life in Canada. The Kim family spent two weeks with the Nicholsons, and they have followed the family's progress with interest.

By the end of this year, the church will have a new minister, John James, whose present charge is in New Brunswick. And Nicholson hopes the people will give James as much scope to be himself as they gave him.

As seven years of ministering in Haliburton came to an end over the weekend, Nicholson could look back on his work with one overriding hope.

"I would hope that I've given people a sense of worth, a sense of being needed, and an idea of what it really means to be a Christian."

Norland Notebook

from page 10

Canadians have the privilege of living!

The Minden-Coboconk sponsored Vietnamese family who recently moved to Toronto are happily settled in their new apartment and meeting other Vietnamese people. They are also attending English classes being taught by a former Vietnamese. The son, Minh Luong is now gainfully employed and learning the tool and die making trade. It is hoped that employment may soon also be found for Mr. and Mrs. Luong. Minh Phan who has been working in Guelph is being married in October to a Vietnamese girl whom he knew in Vietnam. Happy wishes are extended to the young couple. Minh's brother Khai is taking training in the painting trade with a Minden painter. We should all feel proud of the help that we were able to give these unfortunate refugees and hope that they will become good Canadian citizens.

Firemen Vernon LeCraw, John LeCraw and John Maunder attended the regular monthly meeting of Mutual Aid in Bobcaygeon on Tuesday, August 26. Following the business meeting, a representative from C.S.A. (Canada Standards Association) spoke to the interested audience of some of the problems and regulations needed for wood burning stoves. The incidence of house fires has increased since more and more families are burning wood to heat their homes. He pointed out that all wood whether dry or newly cut does create creosote that in turn builds up in both brick and insulated metal chimneys and if not controlled can cause chimney fires. Some wood burning stoves are C.S.A. approved and meet the standards set by this association but this is not true of all manufactured stoves. Just as all electrical appliances must be passed by C.S.A. before being sold, it is to be hoped that certain standards will be demanded by C.S.A. for wood burning stove manufacturers. As the price of oil continues to rise more people will be buying a stove and burning wood to heat their homes and safety fire regulations are most important as well as properly manufactured and constructed stoves.

Dale Davey has been in West Virginia, U.S.A. holidaying this past week with her friend, Linda Brewer at her home in Williamson. Dale drove back with the Brewers when they returned to the United States after holidaying just east of Norland at their summer place "The Hillbillies". She will fly home the end of next week.

Norland U.C.W. Opportuniy Shop will be open each Saturday from 1:30 to 4:00 p.m. until Thanksgiving. It is situated beside Norland Post Office with many good buys in nearly-new clothing for all of the family and useful household articles for the home and cottage. Come in soon for the best selection of fall and winter pants, skirts, sweaters, shoes, etc.

B.C. man to head Kinsmen Clubs

James Watson, of Port Coquitlam, B.C., has been elected the 60th president of the Association of Kinsmen Clubs at the organization's annual convention held here.

Watson, 38, is the first Kinsman from British Columbia to be elected to this position since 1970. A native of Flin Flon, Manitoba, he joined the Kinsmen Association in Weyburn, Sask.

Since joining the Kinsmen organization, Watson has had 16 years' perfect attendance. He has been honoured with a Kinsman of the Year and the Outstanding President Award for his work at the club level. He is a past deputy governor of the Okanagan Zone and is a past governor of District 5 (all clubs in British Columbia).

Watson is also a past national convention director, a past director of the Kin Win $100,000 B.C. lottery and a director of the Kinsmen Rehabilitation Foundation of B.C.

The new national president of the Association of Kinsmen Clubs is employed as a national sales representative for Western Broadcast Sales Ltd. He is married to Margaret, a past Kinette president and past Kinette zone co-ordinator. The Watsons have two children - Todd, 12, and Tara, 9.

Kinsmen's donations

from page 6

men Clubs, Canada's largest all-Canadian young men's service club, was founded in 1920 by Harold A. Rogers, O.C., O.B.E. Rogers still maintains contact with members of the association and resides in Toronto, Ontario.

This year's service work total is the largest for the association, which celebrates its 60th anniversary this year. "At an average of more than $74,000 per club, the Kinsmen Association continues to be one of the world's most effective service organizations," Green said.

Remember the saying "You don't have anything if you don't have your health" It's true.

27 THANK YOU

Most sincere thanks to neighbours, friends and relatives for the cards, flowers, donations and gifts of food during the recent illness and loss of a beloved brother and uncle, Andrew J. Curry.
Special thanks to Extendicare and Dr. Hartwick for their dedicated care during the past year. Thanks also to the Reverend Don Nicholson and Gordon Monk of Minden Funeral Home for their kindness.
Kitty and Wes Baker
and Family
27-P-3

We wish to express our appreciation and sincere thanks to all friends, relatives and neighbours for their many acts of kindness to Sylvia and ourselves during her illness and at the time of her passing. Special thanks to Dr. Good and nursing staff of Haliburton Red Cross Hospital for their attentiveness and care. Also to Dr. Minor and nursing staff of St. Margarets Hospital. To Rev. Roger Sauve for his many visits and consoling words. To the ladies of the Pentecostal and United Church and to Bob Stark for all their help.
Grenville Graham and family
27-P-3

Thankyou to all who attended the 60th anniversary celebration of Stan and Elva Cooper and made it such a happy occasion. Special thanks to Joan Cooper of Willowdale. 27-P-3

BENOIRS LAKE FIRE We would like to express our special thanks to the Wilberforce Fire Dept. and all their skilled men for the wonderful work they did in putting out the bush fire on Algonquin Drive, Benoirs Lake. If we had to rely on the Lands and Forest, as they came two hours after they were called with no proper equipment and two men, a lot of people would have lost their homes. A special thanks to Bernice Watt who carried Wilberforce Firefighters cold refreshments as they worked so hard for two hours. Very much appreciated,
Bruce Evans
27-B-3

28 BIRTHS

McELWAIN: My Mom and Dad are really thrilled, and happy as can be, and though I really shouldn't brag, it's all because of me! My name is Gerald Ryan and my proud parents are Gerry and Jill. I was born on August 24, 1980 at Ajax-Pickering General Hospital and I weigh 6 lbs. 2 oz. My proud grandparents are Mr. and Mrs. D. B. Harnden of Oshawa and Mr. and Mrs. W. F. McElwain of Haliburton. 28-P-3

SCHEFFEE - "Lucky 7's" were the numbers for Roger and Jwayne as they received their daughter Melissa Sarah Ellen, 7 lbs. 7 oz., at 1:56 p.m. August 21, 1980, at North York General Hospital. Melissa is the first grandchild for Mark and Denise Scheffee and Wayne and Elaine Roberts. Proud great grandparents are Mr. and Mrs. Len Herron, Mrs. Charles Schell, and Mr. and Mrs. Herman Yensen. 28-P-3

30 WEDDINGS

Mr. and Mrs. Ronald Harding are pleased to announce the marriage of his daughter, Cindy Donna to Dale Francis, son of Mr. Edward LaPorte. Wedding to take place on Saturday, Sept. 13, 1980 at Full Gospel Lighthouse Church at 7 p.m. Dance 9:00 p.m. at Royal Canadian Legion, Haliburton. Relatives and friends welcome. 30-P-10

Mr. and Mrs. Bill Clendenning wish to announce the marriage of his daughter, Karrie Louise to Douglas Peter Robinson to be held on September 6, 1980. Dance to be held at Minden Community Centre at 8:30 p.m. Relatives and friends welcome. 30-B-3

Carl and Marie Wallace are happy to announce the marriage of their daughter, Catherine Margaret to Bruce James Allan, son of Jim and Ruth Allan of Toronto. The wedding will take place in the Eagle Lake Community Church on Sept. 13th at 4:00 p.m. 30-P-3

31 DEATH NOTICES

AT REST

At the Haliburton
Red Cross Hospital
On Saturday, August 23, 1980
Sylvia Ida Irene Graham
In her 46th year.

Beloved wife of Grenville Graham of Gooderham; mother of Cheryl (Billings), Lynn, and Jeff and mother-in-law of Joe Billings. Daughter of Inez Reil and the late Thomas Reil; sister of Ted Reil, all from Gooderham, daughter-in-law of Mrs. Emma Graham of Kinmount.

Funeral Service

Rested at the Barr Funeral Home, Gooderham. Service was held at the Gooderham Pentecostal Church, August 25th at 2:00 p.m. Interment Gooderham Cemetery. 31-P-3

32 IN MEMORIAM

WESSELL - In loving memory of a dear husband and loving father and grandfather, Sid Wessell, who passed away August 25, 1979.
Always remembered by wife Letty, sons and grandchildren. 32-P-3

Extendicare News

from page 7

week we contributed 10% of our net contributions to the Heart Fund. At a Happy Gang meeting Wednesday morning we agreed to double 10% of the net for this year's bazaar. It was unanimous.

At the beginning of confederation, taxing powers were not given to Ottawa. During World War 1 Ottawa asked the provinces to grant these powers for the duration, which was done. Ottawa not only retained those powers but are asking for much more. We all agree that Ottawa should get no more. There are too many politicians and party hacks living off the taxpayers, like the remittance men early in this century.

In our work with foliage we cannot help but admire nature as putting on a continuous never-ending job of prying apart the two atoms of hydrogen from the atom of oxygen from a molecule of water to free enough oxygen to power all of the energy used today, only excepting the power the sun gives us directly. Think of it - 1, Giving life to all in the animal kingdom; 2, Powering all motors of combustion; 3. Supporting all combustion of any kind whether burning or decay, a massive job. Can any one contemplating that supreme releaser of oxygen of the universe to us, be any but a believer? Why not live accordingly, being grateful. Any time you are driving on Haliburton roads at 60K just remember you owe as much to the trees about for the power you have as to the gas pump you probably just left. Your federal government taxes you for the energy the trees provide, or if you have a wood lot your municipality taxes you. You cannot dodge unless you are too poor to drive or to have a wood lot.

On Wednesday our ladies - Noreen Stevens, Maude Weston, Florence Stagg, Lile Simmons, Hazel Parish, Elsie Porter, Nina Hussey, Peggy Henderson and Flossie Burk, all in the supervision of Pat Burk, director, baked four delicious looking cherry loaves. These are for unexpected emergencies.

In the evening Nancy Picard, pianist; and Peggy Neville, voice, showed up to give us a delightful medley of our old time favourite songs, a very opportune treat for us; we even had, 'Old McDonald' and the 'Little Old Lady Who Swallowed A Fly'. It was lots of fun for all, even some visitors. Nancy and Betty always have a welcome here any time they want to drop in.

With Canada's constitution coming up for re-vamping there is an urgent matter to attend to if it is deemed to be in order to those concerned. We legally are of two founding nations, but it would seem that there is a people that should take precedence, the ones who were here when our ancestors came, those who are accustomed to being called Indians as though they are natives of India. It should be recognized in the revised constitution that they are native Canadians, or Canadian Inuit, or other groups but qualifying as being native Canadian, and if these people prefer, the word Indian as referring to them to be officially outlawed in Canada.

The devotion period Friday morning was led by Rev. Ricky Brewster, pastor of Allsaw Pentecostal Church accompanied by his wife Debbie, Mary McNeil, Martha Vanderwal and Melissa Emerson. His enjoyable pianist was Marjorie Rennick. The "woman at the well" was the focus of text, that the water of the well only quenches thirst, but the water that Christ will give is eternal and is regardless of race. It was a very impressive service.

Saturday afternoon an overhead loader put a half dozen boulders on the front lawn of Extendicare, a quite popular stunt to enhance one's landscape but in addition here is probably to deter motor vehicles from marring the landscape. Wait until these boulders are nicely white washed and you see something cute. We wonder if anyone is going to suggest a nicely whitewashed rainbarrel on the patio at each down spout to provide rainwater for the plants. A teaspoonful of javex each day will keep them looking and smelling sweet. Their proper installation should be no problem.

Another nice thing in Haliburton is the face-lift many of the streets are getting using variable methods of doing it as for instance the blacktop sidewalk on Victoria, the lowering of the level on Park, at Maple requiring a cement retaining wall to the corner. On blacktop sidewalks, children ride bicycles without disturbing pedestrians, and not having to mingle with the motor traffic on the street. Snow clearance should now be much easier. An observation should be made. Who has ever heard of a child bicyclist ever running a pedestrian down on a sidewalk?

MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF PART OF THE ORIGINAL 66 FOOT ROAD ALLOWANCE BETWEEN LOTS 20 AND 21, CONCESSION 4, IN THE TOWNSHIP OF HAVELOCK, IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, October 13, 1980, a By-law to Close, Stop up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Havelock in the Provisional County of Haliburton, and being all that part of the original allowance for road between Lots 20 and 21, Concession IV, in the Township of Havelock, lying North of Little Kennisis Drive, Registered Plan 436, and South of the original allowance for road 66 feet in perpendicular width laid out along the shore of Little Kennisis Lake.
WHICH SAID parcel or tract of land may be further illustrated, shown outlined in red on a Plan of Survey by H.C. Bishop, O.L.S., dated August 15, 1980, and which Plan of Survey is available for inspection at the Municipality of Dysart et al Office, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law and its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the same By-law and who applies to be heard.

DATED AT HALIBURTON, Ontario this 25th day of August, 1980.

Wayne B. Wood,
Clerk-Administrator,
AMCT
